---

Hi Hanna,
ACHD was not transmitted this application, so it was not assigned to anyone. We can get it assigned, but in the meantime, because on-street parking can be removed at any time, ACHD recommends that on-street parking not be counted towards any parking requirement the City may have.
Thanks,

Stacey Yarrington

Hello Stacy,

I am not sure who is responsible for the review of CUPFY2021-0004, would you please put me in touch with them?

I know you are busy, but this application is a little more difficult than an average application due to the current site configurations and existing building layout. Staff has been trying to work with the applicant to meet Garden City Code sidewalk standards, and one of the possible solutions would to be on-street parking along 33rd Street. We would like any kind of input from you or the reviewer before the Planning and Zoning hearing on January, 20th, 2021.

Thank you,

Hanna Veal
