

RESOLUTION NO. 1083-20

BY THE COUNCIL: BEAUMONT, HIGGINS, PAGE AND SOUZA

A RESOLUTION ADOPTING THE FLOOD INSURANCE STUDY MAPS UTILIZED FOR THE CREATION OF THE JUNE 20, 2020 LOWER BOISE WATERSHED FLOOD INSURANCE RATE MAPS FOR THE PURPOSE OF REGULATING CRITICAL FACILITIES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Ordinance 1016-20 was passed on June 8, 2020 adopting a new article to Garden City Code, title 8 ("development code"), chapter 4 ("design and development regulations") that is article H ("flood hazard"), which is an updated flood hazard article that adopts revised floodplain maps; and

WHEREAS, Ordinance 1016-20 recognizes that Garden City is in seclusion, defined as a temporary solution to allow Flood Insurance Studies (FIS) to be released and provide updated flood hazard information to communities other than those that have non-accredited levee systems. This is accomplished by secluding areas of Garden City which are protected by a non-accredited levee system. The effective FIS and Flood Insurance Rate Maps (FIRMS) will continue to reflect the previously effective hazard information; and

WHEREAS, Ordinance 1016-20 also instructs that the maps that shall be utilized to determine the Base Flood Elevation for critical facilities in Garden City are the FIS maps utilized for the creation of the 2020 Lower Boise Watershed FIRMS, and adopted by resolution; and

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND COUNCIL OF THE CITY OF GARDEN CITY IDAHO:

SECTION 1. Having been considered by the City Council in a public meeting on the 22nd day of June, 2020, the City Council adopts the FIS maps utilized for the Lower Boise Watershed FIRMS, as more particularly described in Exhibit A attached hereto as the regulatory maps for the development of critical facilities in Garden City.

SECTION 2. This resolution shall be in full force and effect from and after its passage and approval.

PASSED by the City Council and **APPROVED** by the Mayor of the City of Garden City, Idaho, this 22nd day of June 2020.
