To: Mayor and City Council
From: Jenah Thornborrow, Development Services Director
Subject: Requested Amendment to Resolution 1062-19: Decision Document
Date: For March 25, 2024, City Council Meeting

REQUEST

Jason Jones requests to amend Resolution 1062-19, an adopted streetscape plan for 33rd Street and 35th Street from Chinden Boulevard to the Boise River and Clay Street from 32nd Street to 37th Street to remove the requirement for detached sidewalks and allow for the sidewalk furniture zone¹ to be back of sidewalk on E. 33rd Street.

BACKGROUND

On March 11, 2024, the City Council held a public hearing for the request to amend the design standards that govern 33rd Street, adopted per resolution 1062-19. The Council continued the application to determine if Idaho Statute 67-65 governed the request. Staff has provided a potential draft decision document. The legal department will be providing a memorandum with this determination.

¹ The furniture zone is the section of the sidewalk between the curb and the through zone in which one typically sees street furniture and amenities, such as lighting, benches, newspaper kiosks, utility poles, trees and landscaping, and bicycle parking are provided. In Garden City this is the desired location for the code required street trees.
