 - iii. Public testimony was received from:
 - In Favor:
 - 1. Mona Worchol- Executive Director Capital City Market. Knows how to run market from experience downtown. This would be a mini market. Estimates a successful night could be 100 people. Because there is a fence, there is a way to restrict the number of people.

2. Matt Williams- President of the board of the Capital City Market.
3. Sondra Skinner- Markets are essential to vendors. Desires markets on days other than Saturday and in other locals.
4. Katie Painter- The market is small. The issues brought up might not be an issue. Disappointed in the car centric planning that has gone on. The requirement of large parking reduces viability of transit. A sidewalk is an expensive ask for a farmers market.
5. Margaret Temple- The area have very little traffic. There are no sidewalks except on 36th Street.
6. Carl Whayle- Selected home for availability of places to walk and bike. This is an additional location to walk and bike. Parking is overrated.
7. Ben Murray-This area is designated Live-Work-Create is the most lively place in Garden City. The amount of positive feedback that this area gets.
8. Lea Rainey- Garden City is on the National Registry as a food desert. A market solidifies a community. The Roots has bike and vehicle parking available for the market. Garden City is fighting a stigma and this is a positive event that changes negative opinions.
9. Will Howard- Most of the traffic came from the greenbelt last year. Read a letter from Mike Slavin operator of the previous market.
10. Susan Bauter- The market is well run and family friendly.

Opposed:

11. Victor Meyer- the Market was the only use addressed. The temporary use was a temporary bar last year.
- iv. The applicant's representative Jeffery Bower and Hannah Ball provided rebuttal testimony addressing the parking. Indicated that they feel that frontage on right-of-way in front of property owned by Ms. Ball is adequate. The project will have two to five portable restrooms on site. There are no permanent structures. Beer and wine are to be served through a catering permit. The events are less than 200 people.
 - v. Staff noted that they have not reviewed the data provided in the parking study provided to the Commission during the meeting. Drinking establishment is a permitted use. There is nothing in code that prohibits an outdoor drinking establishment in code.
 - vi. The Commission closed public testimony.
 - vii. During discussion:
 1. Commissioner Brown noted in favor of approving this use. There are three issues: 1) Sidewalks: is in concurrence with ACHD recommendation to place a sidewalk on Carr Street only can't expect this applicant to fix sidewalk issue. 2) Parking: 60% of the people who attended the market last year walked or biked. The parking is public. There is enough information for determination. 3) Port-a-potties are adequate.
 2. Commissioner Page noted he echoed Commissioner Brown's comments. He further noted if sidewalks are not built with changes of use there won't be sidewalks. The Commission is not supposed to consider expense, however, tearing out sidewalks immediately is

- not good stewardship. Cannot pre-assume approval of future projects.
3. Kennedy- Noted that the applicant volunteered to sunset the use fall of 2021. With the use being 30 months or less no reason to put full load of sidewalks on this application.
- viii. Commissioner Page moved to approved the application with the following amendment to the draft findings of fact, conclusions of law, and decision:
 1. Additional condition sunset clause of November of 2021.
 The motion was withdrawn.
 - ix. Commissioner Brown- moved to approved the application with the following amendment to the draft findings of fact, conclusions of law, and decision:
 1. Additional condition sunset clause of November of 2021.
 2. Adhere to the Ada County Highway District's sidewalk requirements.
 - x. Commissioner Page seconded the motion.
 - xi. The motion passed unanimously.
21. On April 22, 2019 City Council requested to review the application per Garden City Code 8-6A-2, and 8-6A-9.
 22. The review was set for May 13, 2019. The applicant and interested parties were noticed of the time and place of the City Council Review by certified mail on April 29, 2019.
 23. During the City Council review of the application on May 13, 2019:
 - a. Mayor Evans introduced the application to be reviewed. The Mayor noted that the application was to be reviewed under GCC 8-6A-9 and that reviews are not *de novo*.
 - b. Mayor Evans asked if there was any Council Member who had a conflict of interest. All members of the Council noted that they did not have a conflict.
 - c. Staff Jenah Thornborrow provided a synopsis of the application as presented to the Planning and Zoning Commission.
 - d. Hannah Ball and the applicant's representative Jeffery Bower represented the application.
 - e. Council Member Higgins noted that she made the motion to review the application on April 22, 2019. She indicated her request for review was because there may be significant adverse impacts to the City due to the alcohol sales and events occurring without individual review.
 - f. Further discussion by the Council noted additional concerns related to parking.
 - g. During discussions on the motions the following matters were addressed:
 - i. All Council members noted support for a farmers market use;
 - ii. Concerns related to alcohol sales and consumption;
 - iii. Concerns related to adequate parking;
 - iv. Concerns of parking on non-participating private properties;
 - v. Concerns of lack of knowledge as to what is occurring at the events;
 - vi. Concerns that any condition would be detrimental to the viability of the application.
 - h. The applicant noted that limiting the duration of the permit to one year and reducing the number of events to that prescribed by Garden City Code for special events would be detrimental to the viability of the proposal. They noted acceptance of limiting consumption of alcohol and advertising that parking cannot be on non-participating private property.
 - i. Council Member Beaumont noted that additional conditions of approval are necessary to not unreasonably diminish the health, safety, or welfare of the community per **GCC 8-6B-2D** required finding number three. She moved to

approve the application with additional conditions of approval.

- j. Council member Souza seconded the motion.
- k. The motion was passed 4/0.
