Garden City Plan/Policy Analysis	
Plan/Policy	Analysis
<p><u>Comprehensive Plan</u></p>	<p>The property is located in the Light Industrial Bradley Technology District designation of the Comprehensive Plan Land Use Map:</p> <p style="padding-left: 40px;"><i>The light industrial designation reflects an intent to maintain the area of existing industrial uses, around Bradley Street and north of Chinden. Industrial development includes: materials processing and assembly, product manufacturing, storage of finished products, and truck terminals. Manufacturing support facilities such as offices and research related activities should also be allowed in this area, but other non-industrial uses should be limited. Major consideration in regulating industrial uses should be setbacks, buffering and landscaping from adjacent residential uses. Standards should also be directed toward control of light, glare, noise, vibration, water and air pollution; use and storage of toxic, hazardous or explosive materials; and outdoor storage and waste disposal.</i></p> <p>The following Comprehensive Plan objectives may apply to this proposal:</p> <p style="padding-left: 40px;">Goal 1: Nurture the City Objective 1.4: Create a premier destination place to live, work, and recreate.</p>

	<p>Goal 12: Evolve as a Destination Objective 12.1: Support a positive business environment Objective 12.2: Continue to support commercial and industrial land uses.</p>
