I would like to attend the public hearing on Wednesday 10/21 remotely.

I like the green pasture, but understand the desire to develop the land. so if the subdivision is approved, I am opposed to connecting the sub-division to Ulmer for car traffic. a pedestrian connection so people can have easier access to the greenbelt is fine. As it has been brought up by many people, the egress from Ulmer on to State street is already dangerous. Adding more traffic to an already dangerous area just compounds the danger.

Thanks,
