16. On December 7, 2020 a public hearing before the Design Committee was held and moved to the date certain of January 4, 2021. A summary of the December 7, 2020 hearing is as follows:

- a. Richard Wilmot presented the application.
  - b. Staff, Hanna Veal, presented the staff report
  - c. Richard Wilmot provided a rebuttal. The subjects that which were discussed included:
    - i. Increasing the length of the tandem parking garages would push the building into the open space.
    - ii. Different housing styles in a few lots by not having tandem garages. Different townhomes might have different architectural designs based off ownership of individual townhome.
    - iii. Maximize common open space by not proposing adequate guest parking spaces.
  - d. No public Testimony was heard.
  - e. Committee Member Gresham moved to request the applicant return with revised material. Conditions of approval from the Committee Included:
    - i. Common drive is to become its own lot within the subdivision.
    - ii. Provide separate waivers for a reduction in guest parking standards, and tandem garage measurement standards.
    - iii. Provide a public access easement from Reed Street to the rear of the property for future connection to adjacent parcel.
    - iv. Provide a sidewalk to the rear property line from the common area to allow for future public access.
    - v. Provide revised landscape plans to correct for inaccurate tree placement in the sidewalk.
    - vi. Provide bicycle parking for subdivision that is code compliant.
    - vii. Address 3rd story windows and 2nd story balcony privacy concerns.
    - viii. Schematic designs of end units that which abut Reed Street must be submitted.
    - ix. Details of common lots are to be identified in site plans.
  - f. Committee Member Hurd seconded the motion.
  - g. The application was continued to the date certain of January 4, 2021.
17. On January 4, 2021 a public hearing before the Design Committee was held and moved to the date certain of January 19, 2021.
  18. On January 19, 2021 a public hearing before the Design Committee was held and moved to the date certain of February 1, 2021.

24. The record was reviewed by the Design Committee to render the decision.

**CONCLUSIONS OF LAW**

The Design Review Committee reviewed the application with regard to Garden City Code, Title 8, and based on the conditions required herein, concludes the application satisfies the required findings under GCC 8-5B-5, 8-6B-2 and 8-6B-7.

**RECOMMENDATION**

WHEREFORE, based upon the foregoing Findings of Fact, Conclusions of Law, and Recommendation, the Garden City Design Committee hereby recommends **APPROVAL/DENIAL** of SUBFY2021-0001 for a combined Preliminary and Final Plat Subdivision processed as a Planned Unit Development and subject to the following conditions:

**General Application Specific Conditions of Approval:**

1. This approval is for a combined preliminary and final plat for a residential subdivision processed as a planned unit development encompassing 17 lots – comprised of one common lot and 16 lots designated for residential dwellings.
2. The structures shall be unique from one another as a way to provide a variety of housing types as required per code for planned unit development applications over ten dwelling units.
3. This approval is based on the following plans:
  - a. Landscape Plan Submitted on February 17, 2021
  - b. Architectural Plans (Including tandem parking) submitted on February 17, 2021
  - c. Site Plan Submitted February 17, 2021
  - d. Civil Sub Map submitted on November 10, 2020 and dated November 2, 2020
  - e. Easement Description submitted on November 10, 2020
4. Waivers to Garden City Code, Title 8 regulations include:
  - a. Interior side setbacks of 0’; and
  - b. More than 4 dwelling units being served through a common drive; and
  - c. Less than 10’ between structures;
  - d. 0.5 guest parking spots for every dwelling unit; and
  - e. Tandem garage parking of 10’x40’.

5. The applicant must provide adequate ability to serve documentation prior to signature of the plat or approval of the construction plans.
6. Identification of common open space location, functionality and dimension must be approved by Design Review and in compliance with GCC 8-4L prior to signature of the plat or approval of the construction plans.
7. RECOMMENDATION: As of the date of this writing, the Federal Emergency Management Agency has issued Draft Digital Federal Insurance Rate Maps (DFIRM) which proposes to delineate the subject properties to be within the 100-year Floodplain. The applicant should consider that any new structures must have the top of the lowest floor at or above BFE (as defined by adopted FIRM) pursuant to current Garden City Code. Stricter standards may be required in the future for building permit approval.
8. The application, being in the floodplain, does not require special development considerations that cannot be addressed through the floodplain development permit and construction plan review.

**Prior to City Signature on Plat:**

1. A note must be provided on the final plat documenting:
  - a. The current flood zone in which the property or properties are located;
  - b. FEMA FIRM panel(s), FIRM effective date(s), flood zone(s), base flood elevation(s); and
  - c. Flood zones are subject to change by FEMA and all land within a floodway or floodplain is regulated by this code.
    - i. The boundary line must be drawn on the plat in situations where two (2) or more flood zones intersect over the property or properties being surveyed.
    - ii. The seventy-foot (70') setback line from the ordinary high-water mark shall be depicted on the plat if any section of the plat is within seventy feet (70') of the ordinary high-water mark.
2. All Common open spaces shall be located on common lots and noted as unbuildable on the plat.
3. All common open spaces shall be located on an open space easement with the grantee being Violets Subdivision.
  - a. The common open spaces shall not be altered or eliminated by individual property owners.
  - b. The subdivision shall maintain all open spaces in accordance with Garden City Code 8-1C Property Maintenance Provisions as well as Garden City Code 8-4L Open Space Provisions.

4. The common drive shall be located on a common lot.
5. All land within the proposed utility easement shall become a common lot.
6. As stated by the City Engineer, all easements must be noted on the plat or otherwise adopted.
7. A public pedestrian access easement shall be provided to connect Reed Street to the property located to the south of the subdivision.
8. The pedestrian public access easement must be paved and connect to the rear property line to encourage future connectivity with adjacent property.
9. All lot frontage is to be considered adjacent to the common drive except for lots 1 and 16 as their frontage is to be considered Reed Street.
10. Provide a note on the final plat to read, "Building setback lines shall be in accordance with current Garden City Code or the following":
  - a. Between structures interior to the subdivision: 3'
  - b. Adjacent side property lines that are not a part of the subdivision (lots 8 and 10 of Fairview Acres No. 7): 5'
  - c. Adjacent rear property line of subdivision (lots 3 and 4 of Fairview Acres No. 3): 15'
  - d. Between townhomes within a building envelope: 0'
  - e. Adjacent to common drive: 12' from travel way.

**Prior to approval of construction plans:**

1. A 5' detached sidewalk shall be installed where deficient adjacent to N. Reed Street. The buffer between the sidewalk and the travel lane shall be large enough to accommodate Class II and Class III street trees per ACHD standards. All installed sidewalks must be compliant with GCC 8-4E-6.
2. All pedestrian pathways proposed throughout the development shall be at least 4' in width, and compliant with GCC 8-4E-7 standards.
3. A tree mitigation plan must be submitted and in compliance with GCC 8-4I-7 Tree preservation provisions.
4. All landscaping must be compliant with GCC 8-4I-4 Landscaping Provisions for Specific Uses.
5. An additional 6 guest parking spaces must be provided for a total of 8 guest parking spots. All proposed guest parking spaces must be compliant with GCC 8-4D-5.

### **Prior to approval of building permits for structures:**

1. All tandem parking garages shall be 10' x 34' per the approved waiver.
2. All structures shall adhere to the requirements of GCC 8-4H.
3. The subdivision must obtain Ada County Approved addresses for all new lots.

### **General Requirements:**

1. The applicant shall comply with all requirements of the reviewing entities.
2. All improvements and operations shall comply with applicable local, state and federal requirements and procedures whether specifically addressed in the analysis of this application or not. This shall include but not be limited to 8-4A General Provisions of Design and Development Regulations; 8-4I-3 and Landscape maintenance provisions 8-4I-9; and standards for transportation and connectivity provisions identified in 8-4E.
3. The CC&Rs must state: "The Association shall not be dissolved without the prior written approval of the City of Garden City, Idaho".
4. The approved addresses and a copy of the recorded plat must be provided to the City prior to the City considering the subdivision complete.
5. All utilities on the site, including telephone, cable television, and electrical systems shall be underground and in compliance with Garden City Code 8-4A-8.
6. Required easements must either be on the plat or provided in a recordable document that includes a legal description and illustration.
7. Property maintenance standards shall be maintained in perpetuity as required by Garden City Code.
8. The property owner is responsible for the maintenance of all landscaping and screening devices required.
9. Driveway openings in curbs shall comply with the requirements of the Transportation Authority. The driveway shall be straight or provide a 28-foot inside and 48-foot outside turning radius.
10. Plant materials which exhibit evidence of insect pests, disease, and/or damage shall be appropriately treated to correct the problem. Dead plant materials shall be replaced.
11. Where landscaping might impact motorist or pedestrian sight distance, shrubs shall be maintained below three feet (3') in height and trees shall be pruned so that the lowest branches will be at least seven feet (7') above the ground level.
12. A three foot (3') clearance zone shall be maintained around the circumference of fire hydrants.
13. Retain and protect existing trees, vegetation, and native soils and integrate these features into the overall landscape plan as required by or exempted from Garden City Code 8-4I and as shown in the approved landscape plans.
14. Required landscape areas shall be at least seventy percent (70%) covered with vegetation at maturity, with mulch used under and around the plants. Use of mulch, organic or rock as the only ground cover in required planting areas is prohibited.

15. If trees are staked, the stakes shall be removed within twelve (12) months to prevent damage to the tree.
16. All planting areas that border driveways, parking lots, and other vehicle use areas shall be protected by curbing, wheel stops, or other approved protective devices.
17. Trees shall be planted at least three feet (3') from curbs, sidewalks, driveways and other hard surfaces to buffer from stress caused by vehicle overhang and compacted soils, or planted with sufficient space to provide for the full maturity of the particular tree species.
18. All other plant material, except sod or ground cover, shall be set back a minimum of one foot (1') from any curb edge to protect from vehicle overhang and mechanical damage.
19. The landscape installation shall stabilize all soil and slopes.
20. All required landscaping shall be provided with an automatically controlled irrigation system in conformance with the best management practices for automatic irrigation systems.
21. System Installation Required: Each and every lot within the subdivision shall have underground pressurized irrigation water. The pressurized irrigation system shall be constructed and installed at the same time as the domestic water lines, but shall not necessarily be in the same trenches.
22. Demonstrate compliance with or an exemption from Garden City Code 8-4G prior to final plat signature.
23. The approval is specific to the application provided and reviewed.
24. This approval is for this application only. Additional permits, licenses and approvals may be necessary. All other applicable permits must be obtained.
25. All outdoor living spaces must comply with Garden City Code 8-3C General Provisions- Living Space Requirements.
26. All outdoor service and equipment areas shall comply with Garden City Code 8-4A-5 Outdoor Service and Equipment Areas.
27. All stormwater systems must comply with Garden City Code 8-4A-7.
28. Cross-Connections: All cross-connections between the domestic water lines and the irrigation water lines shall be in accord with the City's adopted standards, specifications and ordinances.
29. Utility easements that are unobstructed by permanent structures shall be provided along front lot lines, rear lot lines, and side lot lines when deemed necessary by the City Engineer. Total easement width shall not be less than ten feet (10'), with twelve feet (12') recommended, front and rear, with at least twenty feet (20') required for water and sewer easements for main lines.
30. Unobstructed easements, including but not limited to, drainage, water, sewer, and connections to public right-of-way or pathways shall be provided as required by the City.
31. Materials submitted after the decision shall not be considered part of the record for this decision. If additional materials or information is submitted after the decision the application may be remanded to the decision-making body during which time the decision shall be stayed provided that there is no immediate threat to life or safety.

32. Any changes in the design, construction, operation, or use shall be brought to the immediate attention of the Planning Official for determination if the changes are in conformance with the City's action. Any modification to approved plans shall require submittal and approval of these modifications prior to construction and recordation of the final plat. Any changes to the plans and specifications upon which this approval is based, other than those required by the conditions noted in this decision, will require submittal of an application for modification and approval of that application prior to commencing any change. Final approval is based on conformance with the plans reviewed and approved.
33. Any changes to the design of this project shall be reviewed by the Design Review Committee for compliance with Garden City Code 8-4. Other changes that are not in conformance with the approval shall be remanded to the decision-making body.
34. No subdivision plat required shall be recorded by the Ada County Recorder until such subdivision plat has received final approval by the Council. No public board, agency, Commission, official or other authority shall proceed with the construction of or authorize the construction of any of the public improvements required by this Title until final plat has received the approval by the Council.
35. The applicant shall submit payment to the City for all outstanding fees incurred by the City in obtaining a review of this project prior to the City issuing any permits or signing the final plat.
36. In the event that an applicant and/or owner cannot complete the non-life, safety and health improvements, within the time specified in the final subdivision approval or prior to occupancy, the City may require a surety agreement in accordance Garden City Code. Unless financial guarantees of improvement completion has been accomplished, no approval of the final subdivision or recording thereof shall be permitted unless the applicant provides satisfactory proof that all required public improvements and facilities have been fully and satisfactorily constructed and installed.
37. The Development Services Director may enter into a restricted build agreement on the City's behalf, provided the agreement is in compliance with the approved restricted build agreement policies.
38. This approval shall expire 365 days from its approval, unless otherwise extended as allowed by Garden City Code.
39. Approval shall become null and void if the applicant fails to record a final subdivision within one (1) year of the approval. If the timetable is not met and the applicant does not receive a time extension, the application will expire and become null and void.
40. This application shall be considered intent to vacate any previous use on site; all previous uses at this location shall be considered abandoned.
41. Final decisions are subject to judicial review pursuant to The Local Land Use Planning Act, Chapter 65 Title 67 Idaho Code.
42. Pursuant to Idaho Code, a request for reconsideration must be submitted within 14 days of the final decision and prior to judicial review. The written request must identify specific deficiencies in the decision for which reconsideration is sought.
43. A takings analysis pursuant to Idaho Code may be requested on final decisions.

44. If any term or provision of this decision, to any extent, is held invalid or unenforceable, the remaining terms and provisions hereof shall not be affected thereby, but each such remaining term and provision shall be valid and enforced to the fullest extent permitted by law.
