Good afternoon Chris,  
I'm ok with trees on the Alworth side of the property. I would prefer not to have trees planted along Sawyer. Small to medium bushes are probably ok. Our water main line runs in that easement.  
Thanks,

Hi Troy, there is a 20' wide public utilities easement at 5320 N. Sawyer Street. I was wondering if Public Works would object to the planting of trees in the easement.

Thanks,
