Subject: CUPFY2024-0006 - Updated ITD Comments

Upon further review of CUPFY2024-0006, the Idaho Transportation Department has the following comments:

- In order to provide optimum traffic flow through the US 20/26 corridor, ITD supports the closure of both accesses onto US 20/26, as the business will still have access to local roads.
- At a minimum, ITD will require the closure of the SW corner access onto US 20/26.
- Additionally, ITD recommends making the SE access on US 20/26 limited to an “Entrance Only” and having exiting traffic take access off local roads.

Thank you,
