Good morning,

To help preserve the highways as constructed and provide responsible growth where allowed, any individual or business planning to add, modify, change use, relocate, maintain, or remove an encroachment on the state highway or use highway right-of-way for any purpose other than normal travel, shall obtain a permit to use state highway right-of-way. Encroachment permits approved by ITD are required for private and public approaches (driveways and streets), utilities and other miscellaneous encroachments.

ITD has no further comments at this time.

Thank you,

Wendy S Howell, PCED
