To Jason Scheider and Garden City,

I live at 4706 N Adams Street and have lived there for over 40 yrs. I am concerned with all the growth in Garden City that you all only have \$\$\$\$ signs in your eyes and not what is best for the residents, I dont feel that any of you have taken a good look at the traffic flow, the side streets are horrible when trying to get onto N Adams, as well as trying to get out of your driveway onto N Adams the speeding on N Adams is OUT OF CONTROL, I have had my mailbox ran over twice and also my garbage cans., my daughter has been almost ran over just walking to the mailbox on the sidewalk, also lets not forget about the parking, have any of you driving down N Adams Street or any of the side street, pretty sure that would be a NO!! I do think that if you can not find a solution before building then you should not build, but we all know that isnt going to happen.
