Comments:

I am opposing any development Garden City is a part of. Their disregard for my property and property rights with the previous developments adjoining my property has left me no choice but to pursue legal action. I also question the competence and integrity of the Mayor and City Council.

Signature: Henry Anderson

Also, our past experience with testimony and written statements of opposition carry no weight. In the city council members' own words following the last time we gave testimony in front of the council regarding the Evans development north of us - decisions had already been made a year and a half earlier and our testimony essentially would make no difference.
