Subject: Fwd: Perch Meadow Development

Please consider the attached/forwarded message from a homeowner in our neighborhood, Lakeland Village. She would like her statement to be considered by the Committee as they consider the proposed Perch Meadow Development, and the Design Review Committee's recommendation for a road connecting the development to N. Ulmer Lane.

Thank you,
Tessie Page

To Whom It May Concern;

I am a homeowner in Lakeland Village. The traffic turning into Ulmer from State Street is already concerning. The traffic on Heceta Head is also of great concern as it is. Adding this development will increase traffic and on these neighborhood roads where children play, dogs and pedestrians walk, families bike and folks jog. This will diminish the integrity of the peaceful Idaho neighborhood and the increase in traffic will diminish property values.

Thank you for your consideration.
