Subject: Boardwalk Residence Tower

I would like to express our support for approval of the Boardwalk Residence Tower project that is presently under consideration by Garden City. My wife and I presently live in downtown Boise and we are aware of the critical need for additional housing in the community. The Boardwalk Residence Tower is a unique beautifully designed building in a magnificent location that will add value and prestige to the city and the community. We would certainly consider purchasing a condo in the building and we urge you to approve this project as it will be an asset to the community.

Thank you,
Laurence and Pamela Grossman
