We oppose the Ulmer Lane connection to the Perch Meadow subdivision. It is currently hard to get onto State Street from Ulmer Lane and this proposal would make it even harder for those of us who live in Lakeland Village. I can't believe this issue wasn't taken into account and settled before the subdivision was approved.

The current traffic on Ulmer Lane is a problem and needs to be monitored as speed limits are not being followed....with additional traffic, it will only be worse. This is a family-friendly community and we don't need or want heavy fast traffic waiting for an accident to happen.

Sorry this is so late, but we never received any communication regarding this until a flyer was delivered a day or so ago.

Thank you.
Bill and MaryAnn Taylor
6017 N. Ulmer Lane
