17. In consideration of a planned unit development, the Design Review Committee shall make the following findings:

GCC 8-6B-7: PLANNED UNIT DEVELOPMENT: REQUIRED FINDINGS			
Conclusion			Standard
Compliant	Not Applicable to this Application	Not Compliant	
X			<p>Finding: The applicant has demonstrated that the proposed development can be initiated within two (2) years of the date of approval;</p> <p>Approval of this application is conditioned that the development shall be initiated within two years of the date of approval.</p>
X			<p>Finding: Each individual unit of the development, as well as the total development, can exist as an independent unit capable of creating an environment of sustained desirability and stability or that adequate assurance will be provided that such objective will be attained; the uses proposed will not be detrimental to present and potential surrounding uses, but will have a beneficial effect which would not be achieved under standard district regulations;</p> <p>The proposed development and each structure can successfully exist independently of the surrounding area and will not be detrimental to the surrounding neighborhood.</p>

X			<p>Finding: The streets and thoroughfares proposed are suitable and adequate to carry anticipated traffic and increased densities will not generate traffic in such amounts as to overload the street network outside the PUD;</p>
			<p>The proposed development has a private drive that is capable of handling anticipated traffic which will provide ingress/egress onto Clay Street. The PUD is not large enough to trigger a traffic impact analysis.</p>
X			<p>Finding: Any proposed commercial development can be justified at the locations proposed.</p>
			<p>The proposed residential units can be justified at the location as the zoning district is C-2 and the subdivision fits within the comprehensive plan's designation of Live-Work-Create.</p>
X			<p>Finding: Any exception from standard district requirements is warranted by the design and other amenities incorporated in the final development plan, in accordance with the PUD and the adopted policy of the council</p>
			<p>The requested waivers make a more useful pattern of public space and residential common areas.</p>
X			<p>Finding: The area surrounding said development can be planned and zoned in coordination and substantial compatibility with the proposed development;</p>
			<p>The proposal is compatible with the surrounding uses and the neighborhood vision.</p>
X			<p>Finding: The PUD is in general conformance with the comprehensive plan;</p>

			With the unique design of the dwellings and increase in density, this development may be considered compatible with the existing residential uses in the neighborhood.
X			Finding: The existing and proposed utility services are adequate for the population densities and nonresidential uses proposed; An ability to serve has been submitted with this application.
GCC 8-6B-2 CONDITIONAL USE: REQUIRED FINDINGS			
Conclusion			
Compliant	Not Applicable to this Application	Not Compliant	Standard
X			Finding: The use is appropriate to the location, the lot, and the neighborhood, and is compatible with the uses permitted in the applicable zoning district; The application is cohesive with the Comprehensive Plan's designation of Live-Work-Create by increasing the density of the property and providing a "home office" area for each unit that which faces the public street. The development is also compatible with the surrounding uses and is permitted within the C-2 zoning district.
X			Finding: The use will be supported by adequate public facilities or services to the surrounding area, or conditions can be established to mitigate adverse impacts; There are public services available that can accommodate the proposed development.
X			Finding: The use will not unreasonably diminish either the health, safety or welfare of the community;

			The development will not be detrimental to the public health, safety, or general welfare of the community.
X			<p>Finding: The use is no in conflict with the comprehensive plan or other adopted plans, policies or ordinances of the city.</p> <p>The application is cohesive with the Comprehensive Plan's designation of the Neighborhood Destination and Live-Work-Create Designations. And is supports the Comprehensive Plan's Goal 1, Nurture the City; Goal 2, Improve the City Image; Goal 4, Emphasize the "Garden" in Garden City; Goal 7, Connect the City; and Goal 12, Evolve as a Destination.</p> <p>Furthermore, the use has been found to be compliant with the sections of code applicable to the application.</p>

18. The record was reviewed by the Design Review Committee to render the recommendation.

CONCLUSIONS OF LAW

The Design Review Committee reviewed the application with regard to Garden City Code, Title 8, and based on the conditions required herein, concludes the application **satisfies** the required findings under GCC 8-5B-5, GCC8-6B-2, and GCC 8-6B-7.

RECOMMENDATION

WHEREFORE, based upon the foregoing Findings of Fact, Conclusions of Law, and Recommendation, the Garden City Design Review Committee hereby recommends **APPROVAL** of PUDFY2021-0001 a Planned Unit Development and subject to the following conditions:

POTENTIAL CONDITIONS FOR APPROVAL RECOMMENDATION

General Application Specific Requirements:

1. **RECOMMENDATION:** As of the date of this writing, the Federal Emergency Management Agency has issued Draft Digital Federal Insurance Rate Maps (DFIRM) which proposes to delineate the subject properties to be within the 100-year Floodplain. The applicant should consider that any new structures must have the top of the lowest floor at or above BFE (as defined by adopted FIRM) pursuant to current Garden City Code. Stricter standards may be required in the

future for building permit approval.

2. The approval of this Planned Unit Development allows for setbacks as proposed by this application and more than four units to take access from a common drive. Recordation of the plat shall be considered completion of the planned unit development.
3. Common driveways, open space, and other common areas shall be included in an easement or on a common lot.
4. The development shall be initiated within two (2) years of the date of approval.
5. The building permits must be in conformance with the approved plans. Staff may approve minor changes to the approvals so if they are compliant with Garden City Code including:
 - a. Substitutions of plant species, if there is no reduction in landscaping and the species are comparable in height and width. Substitutions of trees must be of the same or larger tree classification and be comparable or larger in tree canopy and height.
 - b. Less than 5% of rearrangement of elevations or building façade materials if there is no reduction in building modulation, fenestration, or glazing.
 - c. Less than 5% of rearrangement of site.
6. Waivers to Garden City Code, Title 8 regulations include:
 - a. More than four units on a drive
 - b. 10' setback between structures
 - c. 10' minimum perimeter landscaping
 - d. 5' rear setback minimum
 - e. Minimum 10'x20' parking space dimension
 - f. Minimum enclosed vehicular parking spots
 - g. Common open space

Prior to the Issuance of a Building Permit:

1. The proposed perimeter landscaping along the southern property boundary line has been reviewed and found to be in compliance with Garden City Code 8-41-5. However:
 - a. The perimeter landscaping shall increase in width where the common drive isle is located so as to prevent light pollution from entering the adjacent property.
2. Remove a portion of the canal pedestrian pathway so that it does not directly touch the adjacent property's proposed garage.

3. A Lot Line Consolidation of a Subdivision application shall be reviewed and approved prior to the issuance of a building permit.
4. The development must obtain Ada County Approved addresses for all new lots.
5. All structures shall adhere to the requirements of GCC 8-4H.
6. A tree mitigation plan must be submitted and in compliance with GCC 8-4I-7 Tree preservation provisions.
7. The site shall provide for two additional trees within the site to meet the standards of Garden City Code 8-4I-4.
 - a. Trees may be substituted for up to one-half (1/2) of the required shrubs at the rate of one tree for ten (10) shrubs and vice versa.
8. All light fixtures must be compliant with Garden City Code 8-4A-4 Outdoor Lighting.
9. All outdoor service and equipment areas shall comply with Garden City Code 8-4A-5 Outdoor Service and Equipment Areas.
10. All utilities on the site, including telephone, cable television, and electrical systems shall be underground and in compliance with Garden City Code 8-4A-8.
11. Pressurized irrigation shall be provided in conformance with Garden City Code 8-5A-5H.
12. Contrasting hardscape material shall be installed at the drive aisles to better identify the pedestrian crossings along N. Clay Street.
13. Bicycle parking spaces shall be placed in such a way that when mounting and dismounting the bicycles do not reverse into the sidewalk traffic area along N. Clay Street, nor 33rd Street.
14. All units adjacent to streets shall have a primary entrance on the street.
15. Entrances shall be adequately covered, recessed, or treated with a permanent architectural feature in such a way that weather protection is provided.
16. All private streets shall be designed and constructed to the following standards:
 - a. The private street shall be constructed on a perpetual ingress/egress easement or a single platted lot that provides access to all applicable properties.
 - b. The private street shall be constructed within the easement and shall have a travel lane width of twenty-six feet (26').

- c. The private street shall provide sufficient maneuvering area for emergency vehicles as determined and approved by the fire authority.
- d. The private street name(s) shall obtain approval from the Ada County Street name committee.
- e. A binding contract that establishes the party or parties responsible for the repair and maintenance of the private street including regulations for the funding shall be recorded. No building permit shall be issued until the contract has been recorded.

Prior to Occupancy:

1. Occupancy of the site shall not commence until after a Certificate of Occupancy has been obtained from Garden City Development Services Department.
2. The site and building must be constructed in accordance with the approved design review file DSRFY2020-21.
3. A copy of recorded legally binding documents that state the maintenance and ownership responsibilities for the management of the development, including, but not limited to, structures, parking, common areas, and other development features shall be provided to the City.
4. There will be a minimum of 30 vehicular parking spaces provided; with 22 to be enclosed.
5. There will be a minimum of 13 bicycle parking spaces provided.
6. A public works and utility permit shall be submitted for review and approval of the site work that will be required to bring the site into compliance with:
 - a. A detached sidewalk shall be installed in accordance with Garden City 34th Streetscape Policy Resolution NO. 1062-19.
 - b. If the approved streetscape plan is not a viable solution based on other agency comments, a Garden City Code 8-4E-6 and the Garden City Sidewalk Policy compliant sidewalk shall be installed instead.
 - c. Landscaping and street trees shall be installed and inspected for compliance with Garden City Code 8-4I.

Site Specific Requirements for the Duration of the Use:

1. All streets and driveways shall adhere to the standards of a clear vision triangle.
2. The CC&R's shall include that art is installed along the first story façade front wall plain of the dwelling units that which face the public street.
 - a. The art shall be maintained so as to not appear worn or weathered.
 - b. The development shall cooperate with Surel's Place to determine appropriate artwork.

3. If the units are to contain commercial activities and businesses, the structure shall need to be compliant with building code and provide ADA parking spaces.
4. The alleyway is not to be used as a development access alley, but rather an access for the utilities above.
5. The following amenities shall be provided or replaced with an amenity from the same category of amenity as identified in Garden City Code:
 - a. Quality of Life: Public art visible by the public
 - b. Open Space: Ponds or water features
 - c. Recreational: Walking trails

General Requirements:

1. The applicant shall comply with all requirements of the reviewing entities.
2. All improvements and operations shall comply with applicable local, state and federal requirements and procedures whether specifically addressed in the analysis of this application or not. This shall include but not be limited to 8-4A General Provisions of Design and Development Regulations; 8-4I-3 and Landscape maintenance provisions 8-4I-9; and standards for transportation and connectivity provisions identified in 8-4E.
3. The CC&Rs must state: "The Association shall not be dissolved without the prior written approval of the City of Garden City, Idaho".
4. All utilities on the site, including telephone, cable television, and electrical systems shall be underground and in compliance with Garden City Code 8-4A-8.
5. Required easements must either be on the plat or provided in a recordable document that includes a legal description and illustration.
6. Property maintenance standards shall be maintained in perpetuity as required by Garden City Code.
7. The property owner is responsible for the maintenance of all landscaping and screening devices required.
8. Driveway openings in curbs shall comply with the requirements of the Transportation Authority. The driveway shall be straight or provide a 28-foot inside and 48-foot outside turning radius.
9. Plant materials which exhibit evidence of insect pests, disease, and/or damage shall be appropriately treated to correct the problem. Dead plant materials shall be replaced.
10. Where landscaping might impact motorist or pedestrian sight distance, shrubs shall be maintained below three feet (3') in height and trees shall be pruned so that the lowest branches will be at least seven feet (7') above the ground level.
11. A three foot (3') clearance zone shall be maintained around the circumference of fire hydrants.
12. Retain and protect existing trees, vegetation, and native soils and integrate these features into the overall landscape plan as required by or exempted from Garden City Code 8-4I and as shown in the approved landscape plans.

13. Required landscape areas shall be at least seventy percent (70%) covered with vegetation at maturity, with mulch used under and around the plants. Use of mulch, organic or rock as the only ground cover in required planting areas is prohibited.
14. If trees are staked, the stakes shall be removed within twelve (12) months to prevent damage to the tree.
15. All planting areas that border driveways, parking lots, and other vehicle use areas shall be protected by curbing, wheel stops, or other approved protective devices.
16. Trees shall be planted at least three feet (3') from curbs, sidewalks, driveways and other hard surfaces to buffer from stress caused by vehicle overhang and compacted soils, or planted with sufficient space to provide for the full maturity of the particular tree species.
17. All other plant material, except sod or ground cover, shall be set back a minimum of one foot (1') from any curb edge to protect from vehicle overhang and mechanical damage.
18. The landscape installation shall stabilize all soil and slopes.
19. All required landscaping shall be provided with an automatically controlled irrigation system in conformance with the best management practices for automatic irrigation systems.
20. System Installation Required: Each and every lot within the subdivision shall have underground pressurized irrigation water. The pressurized irrigation system shall be constructed and installed at the same time as the domestic water lines, but shall not necessarily be in the same trenches.
21. Demonstrate compliance with or an exemption from Garden City Code 8-4G prior to final plat signature.
22. The approval is specific to the application provided and reviewed.
23. This approval is for this application only. Additional permits, licenses and approvals may be necessary. All other applicable permits must be obtained.
24. The property owner is responsible for the maintenance of all landscaping and screening devices required.
25. All outdoor living spaces must comply with Garden City Code 8-3C General Provisions- Living Space Requirements.
26. All outdoor service and equipment areas shall comply with Garden City Code 8-4A-5 Outdoor Service and Equipment Areas.
27. All stormwater systems must comply with Garden City Code 8-4A-7.
28. Cross-Connections: All cross-connections between the domestic water lines and the irrigation water lines shall be in accord with the City's adopted standards, specifications and ordinances.
29. Utility easements that are unobstructed by permanent structures shall be provided along front lot lines, rear lot lines, and side lot lines when deemed necessary by the City Engineer. Total easement width shall not be less than ten feet (10'), with twelve feet (12') recommended, front and rear, with at least twenty feet (20') required for water and sewer easements for main lines.
30. Unobstructed easements, including but not limited to, drainage, water, and sewer easements shall be provided as required by the City.
31. Materials submitted after the decision shall not be considered part of the record for this decision. If additional materials or information is submitted after the decision the

FINDINGS OF FACT, CONCLUSIONS OF LAW AND RECOMMENDATION - 13

- application may be remanded to the decision making body during which time the decision shall be stayed provided that there is no immediate threat to life or safety.
32. Any changes in the design, construction, operation or use shall be brought to the immediate attention of the Planning Official for determination if the changes are in substantial conformance with the City's action. Any modification to approved plans shall require submittal and approval of these modifications prior to construction and recordation of the final plat. Any changes to the plans and specifications upon which this approval is based, other than those required by the conditions noted in this decision, will require submittal of an application for modification and approval of that application prior to commencing any change. Final approval is based on substantial conformance with the plans reviewed and approved.
 33. Any substantial changes to the design shall be reviewed by the Design Review Committee for compliance with Garden City Code 8-4. Any other changes that are not in substantial conformance with the approval shall be remanded to the decision-making body.
 34. No subdivision plat required shall be recorded by the Ada County Recorder until such subdivision plat has received final approval by the Council. No public board, agency, Commission, official or other authority shall proceed with the construction of or authorize the construction of any of the public improvements required by this Title until final plat has received the approval by the Council.
 35. The applicant shall submit payment to the City for all outstanding fees incurred by the City in obtaining a review of this project prior to the City issuing any permits or signing the final plat.
 36. In the event that an applicant and/or owner cannot complete the non-life, safety and health improvements, within the time specified in the final subdivision approval or prior to occupancy, the City may require a surety agreement in accordance Garden City Code. Unless financial guarantees of improvement completion has been accomplished, no approval of the final subdivision or recording thereof shall be permitted unless the applicant provides satisfactory proof that all required public improvements and facilities have been fully and satisfactorily constructed and installed.
 37. This approval shall expire 365 days from its approval, unless otherwise extended as allowed by Garden City Code.
 38. Approval shall become null and void if the applicant fails to record a final subdivision within one (1) year of the approval. If the timetable is not met and the applicant does not receive a time extension, the application will expire and become null and void.
 39. This application shall be considered intent to vacate any previous use on site; all previous uses at this location shall be considered abandoned.
 40. Final decisions are subject to judicial review pursuant to The Local Land Use Planning Act, Chapter 65 Title 67 Idaho Code.
 41. Pursuant to Idaho Code, a request for reconsideration must be submitted within 14 days of the final decision and prior to judicial review. The written request must identify specific deficiencies in the decision for which reconsideration is sought.
 42. A takings analysis pursuant to Idaho Code may be requested on final decisions.
 43. If any term or provision of this decision, to any extent, is held invalid or unenforceable, the remaining terms and provisions hereof shall not be affected thereby, but each

such remaining term and provision shall be valid and enforced to the fullest extent permitted by law.
