Jenah, just to confirm in writing our comment to you after last night's work session: Because we believed that the City was about to complete revisions to its parking standards, the Applicant for the Residences at River Club indicated it would review the adopted revisions and consider including the revisions in the draft SAP District Code. Since it appears that the City may not revise the parking standards for a while, the Applicant will stand with its proposed SAP District Code, including the parking standards contained in the SAP District Code. Thank you, in advance for sharing this message with the Planning & Zoning Commission Chair and the Mayor.
