I just checked and yes, our gates do swing the 120 degrees and are able to be staked.

Thank you

Thank you so much for your help Hanna. Konrad and I both looked at the submittals and didn't find this. It looks like the inside dimensions are 12'x 18' which is good, but we cannot tell if the gates swing at least 120 degrees and are able to be staked. Do I need to submit that question somewhere else or are you able to take it from here?

Thank you,

Bill

Good afternoon,

I found their trash enclosure on the site plan, it's towards the back of the building. Is this what you were looking for?

Thank you.
