Bill,

We do plan on leaving the dumpster in the same place.

Planning@GardenCityIdaho.org,

Is there a requirement to construct an enclosure? If there is, could you please send us the regulations for this so that we can forward it on to our GC and have the plans updated? I did not see anything on your website or in the Garden City Codes.

Thank you all for your help!

Brett Strozykowski

We do it for the dogs.

Good afternoon Brett,

Thank you for reaching out to us. We would not have a problem with your current situation as long as :

-The current location where the dumpster sets would remain the same.

-Garden City does not require you to construct an enclosure.

Please feel free to contact us if you need our assistance.

Bill Pastoor

Mr. Pastoor,

Currently there is no existing enclosure nor a plan for one for the 3 yard dumpster for trash services at 4048 N Chinden Blvd. We are unaware of any requirement for an enclosure.

Attached are pictures of where the dumpster currently sits on the Osage St side of the building.

If an enclosure is required, could you please reference the document so that we can get the plans for one to be built.

Thank you,

Brett Strozykowski

Comments in Yellow:

CUPFY2024-0004: Conditional Use Permit: Jenny Strozykowski with Hounds Town Boise is requesting a conditional use for cat and dog boarding, dog daycare at 4048 W. Chinden Blvd., Ada County parcel #R2734502105, located in the C-1 Highway Commercial Zoning District.

This is a remodel of a property that currently has a 3 yard dumpster for their trash services. We could not determine from the information provided there was an existing enclosure which is going to be utilized or if there was a plan for building something different. Could we please get some more specific information?
