Subject: Request of an extension for CUPFY2019-10
Date: Friday, June 12, 2020 2:06:17 PM

To Whom This May Concern,

I am requesting an extension on CUPFY2019-10 for additional time to install landscaping and a sidewalk. There were attempts and a plan submitted to comply with code, but they did not meet the requirements that were requested of me. I was confused of the conditions required for this application because there are couple other agencies to comply with in addition to the city. I received the conditions from Garden City, but I obviously didn't understand the language. This process is foreign to me and difficult to understand. I did hire a professional to help me and I have a better understanding of the conditions asked of me now.

Sincerely,

Jen Totten/Kwan
