CONCLUSIONS OF LAW

The Planning and Zoning Commission reviewed the application with regard to Garden City Code, Title 8, and based on the conditions required herein, concludes the application satisfies the required findings under GCC 8-5B-5.

RECOMMENDATION

WHEREFORE, based upon the foregoing Findings of Fact, Conclusions of Law, and Recommendation, the Garden City Planning and Zoning Commission hereby recommends approval of SUBFY2020-2 for a Combined Preliminary/Final Plat Subdivision and subject to the following conditions:

Site Specific Requirements:

1. This approval is for a combined preliminary/final plat for a residential subdivision encompassing 6 lots – 5 designated for residential use, and 1 common lot.
2. The design review approval for elevations must be completed prior to final plat signature.
3. There shall be no deviations from standard zoning setbacks.
4. There is an existing attached sidewalk. A detached sidewalk is not required per the Garden City Sidewalk Policy.
5. A minor planned unit development shall be approved consistent with the proposal prior to final plat signature.

General Requirements:

1. The applicant shall comply with all requirements of the reviewing entities.
2. All improvements and operations shall comply with applicable local, state and federal requirements and procedures whether specifically addressed in the analysis

of this application or not. This shall include but not be limited to 8-4A General Provisions of Design and Development Regulations; 8-4I-3 and Landscape maintenance provisions 8-4I-9; and standards for transportation and connectivity provisions identified in 8-4E.

3. The CC&Rs must state: "The Association shall not be dissolved without the prior written approval of the City of Garden City, Idaho".
4. All utilities on the site, including telephone, cable television, and electrical systems shall be underground and in compliance with Garden City Code 8-4A-8.
5. Required easements must either be on the plat or provided in a recordable document that includes a legal description and illustration.
6. Property maintenance standards shall be maintained in perpetuity as required by Garden City Code.
7. The property owner is responsible for the maintenance of all landscaping and screening devices required.
8. Driveway openings in curbs shall comply with the requirements of the Transportation Authority. The driveway shall be straight or provide a 28-foot inside and 48-foot outside turning radius.
9. Plant materials which exhibit evidence of insect pests, disease, and/or damage shall be appropriately treated to correct the problem. Dead plant materials shall be replaced.
10. Where landscaping might impact motorist or pedestrian sight distance, shrubs shall be maintained below three feet (3') in height and trees shall be pruned so that the lowest branches will be at least seven feet (7') above the ground level.
11. A three foot (3') clearance zone shall be maintained around the circumference of fire hydrants.
12. Retain and protect existing trees, vegetation, and native soils and integrate these features into the overall landscape plan as required by or exempted from Garden City Code 8-4I and as shown in the approved landscape plans.
13. Required landscape areas shall be at least seventy percent (70%) covered with vegetation at maturity, with mulch used under and around the plants. Use of mulch, organic or rock as the only ground cover in required planting areas is prohibited.
14. If trees are staked, the stakes shall be removed within twelve (12) months to prevent damage to the tree.
15. All planting areas that border driveways, parking lots, and other vehicle use areas shall be protected by curbing, wheel stops, or other approved protective devices.
16. Trees shall be planted at least three feet (3') from curbs, sidewalks, driveways and other hard surfaces to buffer from stress caused by vehicle overhang and compacted soils, or planted with sufficient space to provide for the full maturity of the particular tree species.
17. All other plant material, except sod or ground cover, shall be set back a minimum of one foot (1') from any curb edge to protect from vehicle overhang and mechanical damage.
18. The landscape installation shall stabilize all soil and slopes.
19. All required landscaping shall be provided with an automatically controlled irrigation system in conformance with the best management practices for automatic irrigation systems.

20. System Installation Required: Each and every lot within the subdivision shall have underground pressurized irrigation water. The pressurized irrigation system shall be constructed and installed at the same time as the domestic water lines, but shall not necessarily be in the same trenches.
21. Demonstrate compliance with or an exemption from Garden City Code 8-4G prior to final plat signature.
22. The approval is specific to the application provided and reviewed.
23. This approval is for this application only. Additional permits, licenses and approvals may be necessary. All other applicable permits must be obtained.
24. The property owner is responsible for the maintenance of all landscaping and screening devices required.
25. Cross-Connections: All cross-connections between the domestic water lines and the irrigation water lines shall be in accord with the City's adopted standards, specifications and ordinances.
26. Utility easements that are unobstructed by permanent structures shall be provided along front lot lines, rear lot lines, and side lot lines when deemed necessary by the City Engineer. Total easement width shall not be less than ten feet (10'), with twelve feet (12') recommended, front and rear, with at least twenty feet (20') required for water and sewer easements for main lines.
27. Unobstructed easements, including but not limited to, drainage, water, sewer, and connections to public right-of-way or pathways shall be provided as required by the City.
28. Materials submitted after the decision shall not be considered part of the record for this decision. If additional materials or information is submitted after the decision the application may be remanded to the decision making body during which time the decision shall be stayed provided that there is no immediate threat to life or safety.
29. Any changes in the design, construction, operation or use shall be brought to the immediate attention of the Planning Official for determination if the changes are in conformance with the City's action. Any modification to approved plans shall require submittal and approval of these modifications prior to construction and recordation of the final plat. Any changes to the plans and specifications upon which this approval is based, other than those required by the conditions noted in this decision, will require submittal of an application for modification and approval of that application prior to commencing any change. Final approval is based on conformance with the plans reviewed and approved.
30. Any changes to the design of this project shall be reviewed by the Design Review Committee for compliance with Garden City Code 8-4. Other changes that are not in conformance with the approval shall be remanded to the decision-making body.
31. No subdivision plat required shall be recorded by the Ada County Recorder until such subdivision plat has received final approval by the Council. No public board, agency, Commission, official or other authority shall proceed with the construction of or authorize the construction of any of the public improvements required by this Title until final plat has received the approval by the Council.
32. The applicant shall submit payment to the City for all outstanding fees incurred by the City in obtaining a review of this project prior to the City issuing any permits or signing the final plat.

33. In the event that an applicant and/or owner cannot complete the non-life, safety and health improvements, within the time specified in the final subdivision approval or prior to occupancy, the City may require a surety agreement in accordance Garden City Code. Unless financial guarantees of improvement completion has been accomplished, no approval of the final subdivision or recording thereof shall be permitted unless the applicant provides satisfactory proof that all required public improvements and facilities have been fully and satisfactorily constructed and installed.
34. The Development Services Director may enter into a restricted build agreement on the City's behalf, provided the agreement is in compliance with the approved restricted build agreement policies.
35. Approval shall become null and void if the applicant fails to record a final subdivision within one (1) year of the approval. If the timetable is not met and the applicant does not receive a time extension, the application will expire and become null and void.
36. This application shall be considered intent to vacate any previous use on site; all previous uses at this location shall be considered abandoned.
37. Final decisions are subject to judicial review pursuant to The Local Land Use Planning Act, Chapter 65 Title 67 Idaho Code.
38. Pursuant to Idaho Code, a request for reconsideration must be submitted within 14 days of the final decision and prior to judicial review. The written request must identify specific deficiencies in the decision for which reconsideration is sought.
39. A takings analysis pursuant to Idaho Code may be requested on final decisions.
40. If any term or provision of this decision, to any extent, is held invalid or unenforceable, the remaining terms and provisions hereof shall not be affected thereby, but each such remaining term and provision shall be valid and enforced to the fullest extent permitted by law.

Mayor, John G. Evans
