Conclusion			
Compliant	Not Applicable to this Application	Not Compliant	Standard
<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<p>Finding 1. The subdivision is in conformance with the Comprehensive Plan;</p> <p>Explanation: In Approval: The application is cohesive with the Comprehensive Plan’s Mixed-Use Residential land use designation as it proposes a mix of residential units that are more residential in character in design. The development is in conformance with the Comprehensive Plan’s Goal 1 Nurture the City, Goal 2 Improve the City Image, Goal 4 Emphasize the “Garden” in Garden City, Goal 5 Focus on the River, and Goal 7 Connect the City.</p> <p>In Denial: The application is not cohesive with the Comprehensive Plan’s Goal 5</p>

			Focus on the River by choosing not to daylight the 12" Thurman Mill Ditch pipe running through the property. Additionally, the proposal does little to allow for future vehicular connections to adjacent properties resulting in direct conflict with Goal 7 Connect the City Objectives 7.3.1 and 7.3.2. which speaks to the creation of grid-like patterns versus cul-de-sacs.
X		X	<p>Finding 2. The subdivision is in conformance with all applicable provisions of this title;</p> <p>Explanation: In approval: As conditioned, the application is in conformance with the applicable sections of Garden City Code. In Denial: The application is not in conformance with Garden City Code 8-4I, 8-4G, 8-4B, and 8-4A. Additionally, the application does not meet Garden City Code 8-6B-7 Planned Unit Development's purpose of providing a variety of housing nor does it meet the minimum structure distance standards and therefore the waiver to the requirements of Garden City Code 8-6B-7 and 8-2B-3 are not warranted.</p>
X			<p>Finding 3. Public services are available or can be made available; and are adequate to accommodate the proposed development;</p> <p>Explanation: There are public services available that can accommodate the proposed development.</p>
X			<p>Finding 4. The subdivision is in conformance with scheduled public improvements in accord with the city's capital improvement program;</p> <p>Explanation:</p>

			The subdivision does not undermine scheduled public improvements or the City's capital improvement program.
X			<p>Finding 5. There is public financial capability of supporting services for the proposed development</p> <p>Explanation: The City Engineer has provided an ability to serve letter stating the existing system is capable of providing water and sewer services.</p>
X		X	<p>Finding 6. The development will not be detrimental to the public health, safety, or general welfare;</p> <p>Explanation: In Approval: The installment of a detached pedestrian sidewalk along E. Remington Street provides a better bicycle and pedestrian connection than what currently exists. This proposed sidewalk will help create a better, safer Greenbelt connection. The proposed public easement and pathway will enhance connectivity between the Greenbelt, the development, and future adjacent developments. The pathway will help to promote the general welfare of the community and provide a safe path that which pedestrians and bicyclists can use.</p> <p>In Denial: The lack of adherence to City Codes , specifically that of 8-4I Tree Preservation while not meeting the provisions of the Planned Unit Development is detrimental to the general welfare of the community.</p>
X		X	<p>Finding 7. The development preserves significant natural, scenic, or historic resources.</p> <p>Explanation: In Approval: The application integrates with the surrounding residential area, proposes enhance connectivity to the</p>

			<p>Greenbelt, and proposes to landscape and beautify the development site.</p> <p>In Denial: The development does not adequately address the surrounding properties of the neighborhood, nor does it propose to daylight the existing 12” Thurman Mill Irrigation Ditch which spans across the entirety of the property running north to south.</p>

The draft findings are written both in approval and in denial. The Planning and Zoning Commission may select the explanations that correspond to their conclusions or amend the explanations based on the record that they have reviewed. Potential explanations have been provided.

GCC 8-6B-7: PLANNED UNIT DEVELOPMENT: REQUIRED FINDINGS

Conclusion			Standard
Compliant	Not Applicable to this Application	Not Compliant	
X		X	<p>Finding 1. The applicant has demonstrated that the proposed development can be initiated within two (2) years of the date of approval;</p> <p>Explanation: In Approval: Approval of this application is conditioned that the development shall be initiated within two years of the date of approval. In Denial: The application has not provided documentation that the development will be initiated within two years of the date of approval.</p>
X		X	<p>Finding 2. Each individual unit of the development, as well as the total development, can exist as an independent unit capable of creating an environment of sustained desirability and stability or that adequate assurance will be provided that such objective will be attained; the uses proposed will not be detrimental to present and potential surrounding uses, but will</p>

			<p>have a beneficial effect which would not be achieved under standard district regulations;</p> <p>Explanation: In Approval: The proposed development and each structure can successfully exist independently of the surrounding area and will not be detrimental to the surrounding neighborhood.</p> <p>In Denial: If the entire project fails to be completed the components of the development cannot sustainably continue.</p>
X		X	<p>Finding 3. The streets and thoroughfares proposed are suitable and adequate to carry anticipated traffic and increased densities will not generate traffic in such amounts as to overload the street network outside the PUD;</p> <p>Explanation: In Approval: The proposed development has a common drive that is capable of handling anticipated traffic which will provide ingress/egress onto E. Remington Street. The subdivision is not large enough to trigger a traffic impact analysis.</p> <p>In Denial: The functionality and density of the residential subdivision will cause an increase of traffic density to which will cause an overload to the street network.</p>
	X		<p>Finding 4. Any proposed commercial development can be justified at the locations proposed.</p> <p>Explanation: Not applicable: The development does not propose any commercial aspects.</p>
X		X	<p>Finding 5. Any exception from standard district requirements is warranted by the design and other amenities incorporated in the final development plan, in accordance with the PUD and the adopted policy of the council</p>

			<p>Explanation: In Approval: This application meets the provisions identified by the planned unit development process. The requested waivers provide for a more useful pattern of open space and recreation areas, as well as a higher density that which is more appropriate to the location and size of the property</p> <p>The application provides a choice of living environments through providing a variety of floorplans that will address different needs of different individuals and families. The buildings provide architectural variation.</p> <p>In Denial: The exception from standard district requirements is not warranted as they result in a proposal that is over taxing of the location and detracts from the required code standards what which make for better developments in Garden City.</p> <p>The layout of the project does not preserve or utilize the natural features of the site, nor does it preserve existing trees.</p> <p>The application does not provide a choice of living environments through offering a variety of floorplans and intended price points that will address diverse needs of different individuals and families.</p>
X		X	<p>Finding 6. The area surrounding said development can be planned and zoned in coordination and substantial compatibility with the proposed development;</p> <p>Explanation: In Approval: The proposal is compatible with the surrounding uses and the neighborhood vision.</p>

			<p>The proposal is a component of the overall neighborhood. The types of housing and uses will provide for more comprehensive variety of residential options in the neighborhood.</p> <p>In Denial: The proposed development is not compatible with the surrounding uses nor the neighborhood vision. The proposed development is not in conformance with the Comprehensive Plan's Future Land Use Designation of the Mixed -Use Residential vision.</p>
X		X	<p>Finding 7. The PUD is in general conformance with the comprehensive plan;</p> <p>Explanation: In Approval: With the unique design of the dwellings and increase in density, this development may be considered compatible with the existing residential uses in the neighborhood.</p> <p>In Denial: The application is not cohesive with the Comprehensive Plan's goal of diversity of housing; accordingly, the application is not cohesive with the Comprehensive Plan's future land use designation of Mixed-Use Residential.</p>
	X		<p>Finding 8. The existing and proposed utility services are adequate for the population densities and nonresidential uses proposed;</p> <p>Explanation: In Approval: The ability to serve letter has been submitted by the City Engineer and states that the existing infrastructure is capable of servicing the proposed development.</p>
GCC 8-6B-2 CONDITIONAL USE: REQUIRED FINDINGS			
Conclusion			

Compliant	Not Applicable to this Application	Not Compliant	Standard
X		X	<p>Finding 1. The use is appropriate to the location, the lot, and the neighborhood, and is compatible with the uses permitted in the applicable zoning district;</p> <p>Explanation: In Approval: The development is compatible with the surrounding uses, is a permitted use within the C-2 zoning district and meets the zoning district setback and density standards as set forth in Garden City Code. Waivers have been submitted where standards have not been met and conditions have been drafted to reach code compliance where waivers were not requested.</p> <p>In Denial: The application is not appropriate to the location or the neighborhood as the proposal is more intensive than what is envisioned by the Mixed-Use Residential Future Land Use Designation.</p>
X			<p>Finding 2. The use will be supported by adequate public facilities or services to the surrounding area, or conditions can be established to mitigate adverse impacts;</p> <p>Explanation: In Approval: The City Engineer has provided an ability to serve letter stating the existing system is capable of providing water and sewer services.</p>
X		X	<p>Finding 3. The use will not unreasonably diminish either the health, safety, or welfare of the community;</p> <p>Explanation: In Approval: There is no evidence that the proposal is detrimental to the public health, safety, or general welfare of the community.</p>

			In Denial: The lack of adherence to City Codes and the City’s Comprehensive Plan is detrimental to the welfare of the city.
X		X	<p>Finding 4. The use is no in conflict with the comprehensive plan or other adopted plans, policies, or ordinances of the city.</p> <p>Explanation:</p> <p>In Approval: The application is compliant with the Comprehensive Plan’s Goal 1 Nurture the City, Goal 2 Improve the City Image, Goal 4 Emphasize the “Garden” in Garden City, Goal 5 Focus on the River, and Goal 7 Connect the City.</p> <p>In Denial: The project is not compliant with Garden City Code 8-2B-3; 8-4B; and 8-4I. The project is not complaint with the definition of Mixed-Use Residential nor is it in conformance with the Comprehensive Plans Goals 5 Focus on the River; and Goal 7 Connect the City Objectives 7.3.1 and 7.3.2.</p>

17. The record was reviewed by the Garden City Planning and Zoning Commission to render the decision.

CONCLUSIONS OF LAW

16. Required landscape areas shall be at least seventy percent (70%) covered with vegetation at maturity, with mulch used under and around the plants. Use of mulch, organic or rock as the only ground cover in required planting areas is prohibited.
17. If trees are staked, the stakes shall be removed within twelve (12) months to prevent damage to the tree.
18. All planting areas that border driveways, parking lots, and other vehicle use areas shall be protected by curbing, wheel stops, or other approved protective devices.
19. Trees shall be planted at least three feet (3') from curbs, sidewalks, driveways, and other hard surfaces to buffer from stress caused by vehicle overhang and compacted soils or planted with sufficient space to provide for the full maturity of the particular tree species.
20. All other plant material, except sod or ground cover, shall be set back a minimum of one foot (1') from any curb edge to protect from vehicle overhang and mechanical damage.
21. The landscape installation shall stabilize all soil and slopes.
22. All required landscaping shall be provided with an automatically controlled irrigation system in conformance with the best management practices for automatic irrigation systems.
23. System Installation Required: Each and every lot within the subdivision shall have underground pressurized irrigation water. The pressurized irrigation system shall be constructed and installed at the same time as the domestic water lines but shall not necessarily be in the same trenches.
24. Demonstrate compliance with or an exemption from Garden City Code 8-4G prior to final plat signature.
25. The approval is specific to the application provided and reviewed.
26. This approval is for this application only. Additional permits, licenses and approvals may be necessary. All other applicable permits must be obtained.
27. The property owner is responsible for the maintenance of all landscaping and screening devices required.
28. All outdoor living spaces must comply with Garden City Code 8-3C General Provisions- Living Space Requirements.
29. All outdoor service and equipment areas shall comply with Garden City Code 8-4A-5 Outdoor Service and Equipment Areas.
30. All stormwater systems must comply with Garden City Code 8-4A-7.
31. Cross-Connections: All cross-connections between the domestic water lines and the irrigation water lines shall be in accord with the City's adopted standards, specifications, and ordinances.
32. Utility easements that are unobstructed by permanent structures shall be provided along front lot lines, rear lot lines, and side lot lines when deemed necessary by the City Engineer. Total easement width shall not be less than ten feet (10'), with twelve feet (12') recommended, front and rear, with at least twenty feet (20') required for water and sewer easements for main lines.
33. Unobstructed easements, including but not limited to, drainage, water, sewer, and connections to public right-of-way or pathways shall be provided as required by the City.

34. Materials submitted after the decision shall not be considered part of the record for this decision. If additional materials or information is submitted after the decision the application may be remanded to the decision-making body during which time the decision shall be stayed provided that there is no immediate threat to life or safety.
35. Any changes in the design, construction, operation, or use shall be brought to the immediate attention of the Planning Official for determination if the changes are in conformance with the City's action. Any modification to approved plans shall require submittal and approval of these modifications prior to construction and recordation of the final plat. Any changes to the plans and specifications upon which this approval is based, other than those required by the conditions noted in this decision, will require submittal of an application for modification and approval of that application prior to commencing any change. Final approval is based on conformance with the plans reviewed and approved.
36. Any changes to the design of this project shall be reviewed by the Design Review Committee for compliance with Garden City Code 8-4. Other changes that are not in conformance with the approval shall be remanded to the decision-making body.
37. No subdivision plat required shall be recorded by the Ada County Recorder until such subdivision plat has received final approval by the Council. No public board, agency, Commission, official or other authority shall proceed with the construction of or authorize the construction of any of the public improvements required by this Title until final plat has received the approval by the Council.
38. The applicant shall submit payment to the City for all outstanding fees incurred by the City in obtaining a review of this project prior to the City issuing any permits or signing the final plat.
39. In the event that an applicant and/or owner cannot complete the non-life, safety, and health improvements, within the time specified in the final subdivision approval or prior to occupancy, the City may require a surety agreement in accordance Garden City Code. Unless financial guarantees of improvement completion have been accomplished, no approval of the final subdivision or recording thereof shall be permitted unless the applicant provides satisfactory proof that all required public improvements and facilities have been fully and satisfactorily constructed and installed.
40. The Development Services Director may enter into a restricted build agreement on the City's behalf, provided the agreement is compliant with the approved restricted build agreement policies.
41. This approval shall expire 365 days from its approval, unless otherwise extended as allowed by Garden City Code.
42. Approval shall become null and void if the applicant fails to record a final subdivision within one (1) year of the approval. If the timetable is not met and the applicant does not receive a time extension, the application will expire and become null and void.
43. This application shall be considered intent to vacate any previous use on site; all previous uses at this location shall be considered abandoned.
44. Final decisions are subject to judicial review pursuant to The Local Land Use Planning Act, Chapter 65 Title 67 Idaho Code.

45. Pursuant to Idaho Code, a request for reconsideration must be submitted within 14 days of the final decision and prior to judicial review. The written request must identify specific deficiencies in the decision for which reconsideration is sought.
46. A takings analysis pursuant to Idaho Code may be requested on final decisions.
47. If any term or provision of this decision, to any extent, is held invalid or unenforceable, the remaining terms and provisions hereof shall not be affected thereby, but each such remaining term and provision shall be valid and enforced to the fullest extent permitted by law.

STANDARD CONDITIONS FOR DENIAL RECOMMENDATION

1. In order for approval by Garden City, the proposal must be in compliance with all standards of 8-5B-5, 8-6B-2, and 8-6B-7. This project is not in compliance with 8-5B-5, 8-6B-2, and 8-6B-7 standard(s) because it is not in compliance with the Garden City Comprehensive Plan Goal 5 and 7; and Garden City code sections 8-4B-3, 8-4I-4. Compliance can be met by changing lot 2 and 23 to provide pedestrian scale architectural features, reorienting the primary entrances of lots 2 & 23 to face E. Remington, adhering to setbacks; creating a wider, more usable public pedestrian and bike friendly pathway, providing and additional street tree along E. Remington, and providing a certified arborist letter demonstrating tree mitigation.
2. Final decisions are subject to judicial review pursuant to The Local Land Use Planning Act, Chapter 65 Title 67 Idaho Code.
3. Pursuant to Idaho Code, a request for reconsideration must be submitted within 14 days of the final decision and prior to judicial review. The written request must identify specific deficiencies in the decision for which reconsideration is sought.
4. A takings analysis pursuant to Idaho Code may be requested on final decisions.
5. If any term or provision of this decision, to any extent, is held invalid or unenforceable, the remaining terms and provisions hereof shall not be affected thereby, but each such remaining term and provision shall be valid and enforced to the fullest extent permitted by law.
