Attention: Garden City Development Services Department

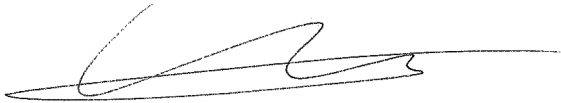

RE: SUBFY2022-0001: River Path Subdivision

This letter is to provide our strong support and endorsement for the River Path Subdivision.

This project will initiate the transformation of the area in alignment with the envisioned revitalization of the Expo Idaho site and start creating some of the synergy that's needed and desired between Expo Idaho and it's surroundings.

The area needs change. This project is a right step in terms of the desired vision for the area and a right step in addressing some of the housing needs in our community.

Sincerely,

A handwritten signature in black ink, appearing to read 'Miguel Gaddi', with a long horizontal line extending to the right.

Miguel Gaddi, Manager
