25. In consideration of a preliminary plat the decision maker shall make the following findings:

GCC 8-5B-5: SUBDIVISION PROCESS: REQUIRED FINDINGS			
Conclusion			Standard
Compliant	Not	Not Applicable	

	Compliant	to this Application	
X			<p>Finding 1. The subdivision is in conformance with the Comprehensive Plan;</p> <p>Explanation: The application is cohesive with the Comprehensive Plan's Mixed-Use Residential land use designation as it proposes a dense residential subdivision development that is more urban in character. The site provides improvements to N. Reed Street that will help beautify the streetscape by providing sidewalk and landscaping. Such improvements will help maintain and improve the city's urban setting.</p>
X			<p>Finding 2. The subdivision is in conformance with all applicable provisions of this title;</p> <p>Explanation: As conditioned, and with approved waivers to code via the Planned Unit Development Process, the application is in conformance with the applicable sections of Garden City Code.</p>
X			<p>Finding 3. Public services are available or can be made available; and are adequate to accommodate the proposed development;</p> <p>Explanation: There are public services available that can accommodate the proposed development.</p>
X			<p>Finding 4. The subdivision is in conformance with scheduled public improvements in accord with the city's capital improvement program;</p> <p>Explanation: The subdivision does not undermine scheduled public improvements or the City's capital improvement program.</p>

X			Finding 5. There is public financial capability of supporting services for the proposed development
			Explanation: The application has provided an ability to serve letter. The City Engineer has stated that the City is capable of providing water and sewer.
X			Finding 6. The development will not be detrimental to the public health, safety, or general welfare;
			Explanation: The installment of pedestrian sidewalks along N. Reed Street provides a better bicycle and pedestrian connection than what currently exists. The on-site amenities such as the bike air station, washing hose, and pet park help to enhance the health, safety and welfare of the community.
X			Finding 7. The development preserves significant natural, scenic, or historic resources.
			Explanation: The application integrates with the surrounding urban area, the Greenbelt, and proposes to landscape the development site. Despite removing all existing trees from the site, the replacement calipers will eventually provide a greater urban canopy than what currently exists.

26. In consideration of a planned unit development, the decision maker shall make the following findings:

GCC 8-6B-7: PLANNED UNIT DEVELOPMENT: REQUIRED FINDINGS			
Conclusion			
Compliant	Not Applicable to this Application	Not Compliant	Standard

X			<p>Finding 1. The applicant has demonstrated that the proposed development can be initiated within two (2) years of the date of approval;</p>
			<p>Explanation: Approval of this application is conditioned that the development shall be initiated within two years of the date of approval.</p>
X			<p>Finding 2. Each individual unit of the development, as well as the total development, can exist as an independent unit capable of creating an environment of sustained desirability and stability or that adequate assurance will be provided that such objective will be attained; the uses proposed will not be detrimental to present and potential surrounding uses, but will have a beneficial effect which would not be achieved under standard district regulations;</p>
			<p>Explanation: The proposed development and each structure can successfully exist independently of the surrounding area and will not be detrimental to the surrounding neighborhood.</p>
X			<p>Finding 3. The streets and thoroughfares proposed are suitable and adequate to carry anticipated traffic and increased densities will not generate traffic in such amounts as to overload the street network outside the PUD;</p>
			<p>Explanation: The proposed development has a common drive capable of handling anticipated subdivision traffic. ACHD has approved of the two proposed curb cuts with conditions. And the PUD is not large enough to trigger a traffic impact analysis.</p>
	X		<p>Finding 4. Any proposed commercial development can be justified at the locations proposed.</p>

			Not applicable: This development does not propose any commercial aspects.
X			<p>Finding 5. Any exception from standard district requirements is warranted by the design and other amenities incorporated in the final development plan, in accordance with the PUD and the adopted policy of the council</p> <p>Explanation: This application meets the provisions identified by the planned unit development process. The requested waivers provide for a more useful pattern of open space and recreation areas, as well as convenience in the location of nonresidential uses.</p> <p>Despite it not being required by the PUD code, the application provides a choice of living environments through a variety of floorplans that will address the different needs of individuals and families.</p>
X			<p>Finding 6. The area surrounding said development can be planned and zoned in coordination and substantial compatibility with the proposed development;</p> <p>Explanation: The proposal is compatible with the surrounding uses and the neighborhood vision.</p> <p>The proposal is a component of the overall neighborhood. The types of housing and uses will provide for more comprehensive variety of residential options in the neighborhood.</p>
X			<p>Finding 7. The PUD is in general conformance with the comprehensive plan;</p> <p>Explanation: With the unique design of the dwellings and increase in density, this development may be considered compatible with the</p>

			existing residential uses in the neighborhood.
X			Finding 8. The existing and proposed utility services are adequate for the population densities and nonresidential uses proposed; Explanation: The ability to serve has been provided.
GCC 8-6B-2 CONDITIONAL USE: REQUIRED FINDINGS			
Conclusion			
Compliant	Not Applicable to this Application	Not Compliant	Standard
X			Finding 1. The use is appropriate to the location, the lot, and the neighborhood, and is compatible with the uses permitted in the applicable zoning district; Explanation: The townhome development is compatible with the surrounding uses and is permitted within the R-3 zoning district. The application meets the setback standards set forth in Garden City Code, and any deviations have been conditioned for compliance or waived as part of the Planned Unit Development.
X			Finding 2. The use will be supported by adequate public facilities or services to the surrounding area, or conditions can be established to mitigate adverse impacts; Explanation: The ability to serve has been provided. The city engineer has stated that the referenced project is eligible to receive water and sewer services from the city of Garden City from existing infrastructure.
X			Finding 3. The use will not unreasonably diminish either the health, safety, or welfare of the community;

			<p>Explanation: There is no evidence that the proposal is detrimental to the public health, safety, or general welfare of the community.</p>
X			<p>Finding 4. The use is no in conflict with the comprehensive plan or other adopted plans, policies, or ordinances of the city.</p> <p>Explanation: The reviewed sections are in conformance with this finding. The comprehensive plan objectives reviewed, and land use designation support this application.</p>

27. The record was reviewed in its entirety by the Planning and Zoning Commission to render the decision.

CONCLUSIONS OF LAW

The Garden City Planning and Zoning Commission reviewed the application with regard to Garden City Code, Title 8, and based on the conditions required herein, concludes the application **satisfies** the required findings under GCC 8-5B-5, 8-6B-2, and 8-6B-7.

RECOMMENDATION

WHEREFORE, based upon the foregoing Findings of Fact, Conclusions of Law, and Recommendation, the Garden City Planning and Zoning Commission hereby recommends **APPROVAL** application SUBFY2022-0002 for a Preliminary Subdivision processed as a Planned Unit Development and subject to the following conditions:

Prior to City Signature on Plat:

1. The final plat shall be in conformance with this approval as reviewed and approved or otherwise conditioned through this approval.
2. Common driveways, open space, and other common areas shall be included in an easement or on a common lot noted as unbuildable.
 - a. A minimum of 10% of the gross site area shall be in common open space.
3. A note must be provided on the final plat documenting:
 - a. The current flood zone in which the property or properties are located;
 - b. FEMA FIRM panel(s), FIRM effective date(s), flood zone(s), base flood elevation(s); and

- c. A note: "Flood zones are subject to change by FEMA and all land within a floodway or floodplain is regulated by this code."
4. Easements:
- a. As required by the City Engineer or this decision easements shall be provided.
 - b. All easements must be noted on the plat either directly or by instrument number (generally preferred method) or otherwise recorded.
 - c. Easements shall define the grantee and adequate information to depict the location of the easement such as a legal description and illustration.
 - d. Easements shall be unobstructed unless otherwise specified.
 - e. At a minimum, the following easements shall be provided:
 - i. Flood protection dedicated to the City for any portion the property that may be within 70' of the Boise River ordinary high-water mark.
 - ii. Public utility
 - iii. Water and sewer
 - 1. If not otherwise designated by the City Engineer the total easement width shall not be less than ten feet (10'), with twelve feet (12') recommended, front and rear, with at least twenty feet (20') required for water and sewer easements for main lines.
 - iv. Drainage
 - v. Connections to public right-of-way or pathways
 - vi. Greenbelt Access Easement
5. Provide a note on the final plat to read, "Building setback lines shall be in accordance with the approved planned unit development application, Garden City file number SUBFY2022-0002".
- a. The approved reductions from code required setback are:
 - i. Lots 1-6:
 - 1. Front Setback: 11'
 - 2. Side Yard Setbacks: 5'
 - 3. Rear Yard Setback: 5'
6. Common Lots
- a. All common open spaces shall be located on an open space easement with the grantee being Honcik Subdivision or be located within a common lot.
 - b. The common open spaces shall not be altered or eliminated by individual property owners.
 - c. The subdivision shall maintain all open spaces in accordance with Garden City Code 8-1C Property Maintenance Provisions as well as Garden City Code 8-4L Open Space Provisions.
 - d. A minimum of 10% of the gross site area shall be in common open space.

7. A building envelope within which future building footprints will be located shall be shown on the lots.
8. A binding contract that establishes the party or parties responsible for the repair and maintenance of the common lots and guest parking including regulations for the funding shall be recorded with a final plat. No building permit shall be issued until the contract has been recorded.
9. The CC&Rs must state: "The Association shall not be dissolved without the prior written approval of the City of Garden City, Idaho".
10. Submit a sustainability checklist that demonstrate compliance with or an exemption from Garden City Code 8-4G for each anticipated lot and or structure prior to final plat signature.

Prior to approval of construction plans:

1. The site plan and subsequent construction shall be in conformance with this approval as reviewed and approved or otherwise conditioned.
2. A Floodplain development permit is required.
3. Landscaping
 - a. Where there are conflicting landscape details, the approved Landscape Plan shall prevail.
 - b. The landscaping shall be in conformance with this approval as reviewed and approved or otherwise conditioned.
 - c. If any trees are to be removed from the site, a tree mitigation plan must be submitted and in compliance with GCC 8-4I-7 Tree preservation provisions.
 - i. Any trees removed prior to the certified arborist's report being submitted will be considered to have been healthy, and thus, mitigation will be required.
 - d. A minimum of one class III or class II tree shall be planted in the frontage and every adjacent streetside. An additional tree shall be planted in the corresponding setback for every increment of fifty feet (50') of linear feet of frontage.
 - i. The frontage of N. Reed Street shall have a total of 3 class II or III trees.
 - ii. Approval of trees shall be determined by the Garden City Development Services Department Staff prior to approval of construction plans.
 - e. Perimeter landscaping is required along the common property line between an adjacent nonresidential use and a residential use or vacant residentially zoned property.
 - f. Perimeter landscaping is required along the western property boundary line between the proposed development and Heron Park.

- g. Retain and protect existing trees, vegetation, and native soils and integrate these features into the overall landscape plan as required by or exempted from Garden City Code 8-4I and as shown in the approved landscape plans.
 - h. Required landscape areas shall be at least seventy percent (70%) covered with vegetation at maturity, with mulch used under and around the plants. Use of mulch, organic or rock as the only ground cover in required planting areas is prohibited.
 - i. Trees shall be planted at least three feet (3') from curbs, sidewalks, driveways, and other hard surfaces to buffer from stress caused by vehicle overhang and compacted soils or planted with sufficient space to provide for the full maturity of the particular tree species.
 - j. All plant material, except sod or ground cover, shall be set back a minimum of one foot (1') from any curb edge to protect from vehicle overhang and mechanical damage.
 - k. All required landscaping shall be provided with an automatically controlled irrigation system in conformance with the best management practices for automatic irrigation systems.
 - l. The landscaping plan may be amended, and reviewed at a staff level, to ensure compliance with Garden City Code 8-4I Landscaping and Tree Protection Provisions, and 8-4L-4 Common Open Space provided that there is equal or greater landscaping provided and no reduction in tree canopy. All other changes to landscaping must be approved by the Design Review Committee or decision maker.
4. Pressurized irrigation shall be provided in conformance with Garden City Code 8-5A-5H. Each and every lot within the subdivision shall have underground pressurized irrigation water.
