_____)	

THIS MATTER, came before the Garden City Design Review Committee for consideration on October 17, 2022, November 7, 2022, and December 19, 2022. The Garden City Design Review Committee reviewed the application and materials submitted and considered public testimony. Based on the evidence presented, the Garden City Design Review Committee makes the following Findings of Fact, Conclusions of Law and Recommendation:

FINDINGS OF FACT

1. The application is for a Preliminary processed as a Planned Unit Development subdivision.
2. The applicant is Jadon Schneider.
3. The property owner of record is BT Development.
4. The location of the project is 4640 N. Adams Street; Taxing Parcel Number: R2734522861; Property is described as E 100' OF LOTS 33 & 34 BLK 21 EXC R/W FAIRVIEW ACRES SUB 03 #2980-B.
5. The subject property is 0.454 acres.
6. The project is located in the Main Street Corridor and the Mixed Use Residential designations of the Comprehensive Plan Future Land Use Map.
7. The project is in the R-3 Zoning District.
8. The project is located in the floodplain according to the 2003 FIRM.

9. The project is located in the floodplain according to FEMA's most recent modeling of the Lower Boise River, adopted by resolution 1083-20.
10. There has been no denial of any application in the same form for the same use on this property within one year.
11. The following section of the Garden City Development Code apply to this proposal:
 - a. Garden City Code 8-1B: General Regulations
 - b. Garden City Code 8-5: Land Division Regulations
 - c. Garden City Code 8-2B: Base Zoning District Regulations
 - d. Garden City Code 8-4A: Design and Development Regulations – General Provisions
 - e. Garden City Code 8-4B: Design and Development Regulations – Design Provisions for Residential Structures
 - f. Garden City Code 8-4D: Parking and Off-Street Loading Provisions
 - g. Garden City Code 8-4E: Transportation and Connectivity Provisions
 - h. Garden City Code 8-4H: Flood Hazard
 - i. Garden City Code 8-4G: Sustainable Development Provisions
 - j. Garden City Code 8-4I: Landscaping and Tree Protection Provisions
 - k. Garden City Code 8-4L: Open Space Provisions
 - l. Garden City Code 8-6A: Administration – General Provisions
 - m. Garden City Code 8-6B-7 Planned Unit Development
 - n. Garden City Code 4-14: Storm Drainage and Erosion Control
 - o. Garden City Code Title 6: Public Water and Sewer Systems
12. The applicant provided the following application information:

The draft findings are written both in approval and in denial. The Design Review Committee may select the explanations that correspond to their conclusions or amend the explanations based on the record that they have reviewed. Potential explanations have been provided.

GCC 8-5B-5: SUBDIVISION PROCESS: REQUIRED FINDINGS

Conclusion			Standard
Compliant	Not Compliant	Not Applicable to this Application	
X	X		<p>Finding 1. The subdivision is in conformance with the Comprehensive Plan;</p> <p>Explanation: In Approval: The application is cohesive with the Comprehensive Plan’s Main Street Corridor land use designation as it proposes minimal front yard setbacks. Pedestrian features include common open space landscaped areas adjacent to N. Adams Street and internal to the development.</p> <p>The application is cohesive with the Mixed-Use Residential Designation of the Comprehensive Plan in that it proposes small scale residential dwelling units, with a density and design that is more urban in character.</p> <p>The application is in conformance with the Comprehensive Plan’s Goal 1 Nurture the City, Goal 2 Improve the City Image, Goal 4 Emphasize the “Garden” in Garden City, and Goal 7 Connect the City.</p> <p>In Denial: Specific goals and objectives that are not met include: Goal 2. Improve the City Image a. 2.1 Objective: Encourage new and distinctive neighborhoods. b. 2.1.2 Objective: Encourage high quality design and landscaping, including the use of water features, in new development.</p>

			<p>c. Amend the Land Use Code to expand planned unit development (PUD) requirements to all sizes of parcels through a design review process. Amend the PUD standards to encourage a variety of housing, including well-designed smaller units; flexibility in setbacks and parking requirements to meet the needs of specific dwellings; and requirements for pedestrian amenities, including parks, open spaces and pathways.</p> <p>d. 2.4 Objective: Create a vision for the design of all streets and highways consistent with city's urban setting.</p> <p>Goal 6. Diversity in Housing</p> <p>a. 6.2 Objective: Continue to be a leader and set an example for the region in creating a diversity of housing.</p> <p>b. 6.3 Objective: Maintain the diversity of housing.</p> <p>c. 6.3.1 Objective: Provide for a variety of housing types in the Land Use Code including smaller cottage and second housing units. Allow for housing that attract niche markets such as senior housing, live-work structures, and cooperative housing.</p> <p>d. 6.3.2. Objective: Continue to explore opportunities that encourage mixed income housing in new developments.</p> <p>By not abiding to the Planned Unit Development code requirements for a variety of housing, the application is in conflict with Goal 6 of the Comprehensive Plan. Goal 6 speaks to diversity in housing, objective 6.3 speaks to managing and creating a diverse housing market that which attracts niche markets to which this development does not do.</p>
X	X		<p>Finding 2. The subdivision is in conformance with all applicable provisions of this title;</p>

			<p>Explanation: In approval: As conditioned, and with approved waivers to code via the Planned Unit development Process, the application is in conformance with the applicable sections of Garden City Code.</p> <p>In Denial: The application is either not in conformance with the applicable sections of Garden City Code or there wasn't enough information to review the application thoroughly. The application was found to not be in conformance with the applicable sections of code 8-4B-3, 8-4D-3, 8-4D-5, 8-4I-3, and 8-4I-4.</p>
X			<p>Finding 3. Public services are available or can be made available; and are adequate to accommodate the proposed development;</p> <p>Explanation: There are public services available that can accommodate the proposed development.</p>
X			<p>Finding 4. The subdivision is in conformance with scheduled public improvements in accord with the city's capital improvement program;</p> <p>Explanation: The subdivision does not undermine scheduled public improvements or the City's capital improvement program.</p>
X			<p>Finding 5. There is public financial capability of supporting services for the proposed development</p> <p>Explanation: The application has provided the ability to serve letter and it has been stated that the system is capable of providing fire protection and capacity.</p>
X	X		<p>Finding 6. The development will not be detrimental to the public health, safety, or general welfare;</p>

		<p>Explanation:</p> <p>In Approval: This proposal will not unreasonably diminish the health, safety, or welfare of the community as proposed. The maintenance of the existing 7-foot-wide sidewalk along N. Adams Street continues to provide for a safe transportation option for pedestrians.</p> <p>In Denial: The proposal will be detrimental to and unreasonably diminish the health, and safety of the community. The lack of adherence to City Codes and the City's Comprehensive Plan is detrimental to the welfare of the city and its community members.</p> <p>Waivers from code are requested while not clearly demonstrating how the purpose of the Planned Unit Development is met.</p> <p>The proposal is not in compliance with code sections identified in 8-5B-5 Finding 2 which is detrimental because:</p> <p>The site plan does not engage or acknowledge the public realm of N. Adams Street.</p>
X	X	<p>Finding 7. The development preserves significant natural, scenic, or historic resources.</p> <p>Explanation:</p> <p>In Approval: The application integrates with the surrounding urban area. Despite removing all existing trees from the site, the replacement calipers will eventually provide for a larger urban tree canopy than what currently exists on site.</p> <p>In Denial: The development does not adequately address N. Adams Street. The application proposes to remove all existing trees, including the healthy calipers.</p>

21. In consideration of a planned unit development, the decision maker shall make the following findings:

<p>The draft findings are written both in approval and in denial. The Design Review Committee may select the explanations that correspond to their conclusions or amend the explanations based on the record that they have reviewed. Potential explanations have been provided.</p>			
<p>GCC 8-6B-7: PLANNED UNIT DEVELOPMENT: REQUIRED FINDINGS</p>			
Conclusion			Standard
Compliant	Not Compliant	Not Applicable to this Application	
X	X		<p>Finding 1. The applicant has demonstrated that the proposed development can be initiated within two (2) years of the date of approval;</p> <p>Explanation: In Approval: Approval of this application is conditioned that the development shall be initiated within two years of the date of approval. In Denial: The application has not provided documentation that the development will be initiated within two years of the date of approval.</p>
X	X		<p>Finding 2. Each individual unit of the development, as well as the total development, can exist as an independent unit capable of creating an environment of sustained desirability and stability or that adequate assurance will be provided that such objective will be attained; the uses proposed will not be detrimental to present and potential surrounding uses, but will have a beneficial effect which would not be achieved under standard district regulations;</p> <p>Explanation: In Approval: The proposed development and each structure can successfully exist independently of the surrounding area</p>

			<p>and will not be detrimental to the surrounding neighborhood.</p> <p>In Denial: If the entire project fails to be completed the components of the development cannot sustainably continue.</p>
X	X		<p>Finding 3. The streets and thoroughfares proposed are suitable and adequate to carry anticipated traffic and increased densities will not generate traffic in such amounts as to overload the street network outside the PUD;</p> <p>Explanation: In Approval: The proposed development has a private drive that is capable of handling anticipated traffic which will provide ingress/egress onto N. Adams Street. ACHD has approved of the proposed enhanced curb-cut N. Adams Street. The PUD is not large enough to trigger a traffic impact analysis.</p> <p>In Denial: The location of this project is an area where active transportation is highly utilized and becoming more popular. The site design does not provide adequate connectivity, nor does it enhance the existing networks being utilized.</p>
		X	<p>Finding 4. Any proposed commercial development can be justified at the locations proposed.</p> <p>Explanation: Not Applicable: This development does not propose any commercial aspects.</p>
X	X		<p>Finding 5. Any exception from standard district requirements is warranted by the design and other amenities incorporated in the final development plan, in accordance with the PUD and the adopted policy of the council</p> <p>Explanation: In Approval: This application meets the provisions identified by the planned unit development process. The requested</p>

		<p>waivers provide for a more useful pattern of open space and recreation areas.</p> <p>The application provides a choice of living environments through providing a variety of floorplans and intended price points that will address a wide range of needs of different individuals and families. The buildings provide architectural variation.</p> <p>In Denial: The exception from standard district requirements is not warranted as they there is inadequate demonstration that 8-6B-7 A is achieved. Subsequently, the proposal has not achieved the ability to deviate from code standards. More specifically, the application does not:</p> <p>Provide a maximum choice of living environments, create a more useful pattern of open space and recreational areas, establish a development pattern which utilizes the land more efficiently than what is achieved through conventional development, or provide a land pattern in harmony with transportation and community facilities.</p>
X	X	<p>Finding 6. The area surrounding said development can be planned and zoned in coordination and substantial compatibility with the proposed development;</p> <p>Explanation: In Approval: The proposal is compatible with the surrounding uses and the neighborhood vision.</p> <p>The proposal is a component of the overall neighborhood. The types of housing and uses will provide for more comprehensive variety of residential options in the neighborhood.</p>

			<p>In Denial: The proposed development is not compatible with the surrounding uses nor is it in alignment with the Comprehensive Plan's vision for the Mixed-Use Residential neighborhood.</p>
X	X		<p>Finding 7. The PUD is in general conformance with the comprehensive plan;</p> <p>Explanation: In Approval: With the unique design of the dwellings and increase in density, this development may be considered compatible with the existing residential uses in the neighborhood.</p> <p>In Denial: The application cannot be found in conformance with the comprehensive plan. See 8-5B-5 Finding 1.</p>
X			<p>Finding 8. The existing and proposed utility services are adequate for the population densities and nonresidential uses proposed;</p> <p>Explanation: In Approval: The ability to serve letter was submitted as part of the packet. The letter determined that the existing services could support the proposed development.</p>
GCC 8-6B-2 CONDITIONAL USE: REQUIRED FINDINGS			
Conclusion			
Compliant	Not Compliant	Not Applicable to this Application	Standard
X	X	X	<p>Finding 1. The use is appropriate to the location, the lot, and the neighborhood, and is compatible with the uses permitted in the applicable zoning district;</p> <p>Explanation: In Approval: The townhome development is compatible with the surrounding uses and is permitted within</p>

			<p>the R-3 zoning district. Any deviations to code standards have been conditioned for compliance or waived as part of the Planned Unit Development.</p> <p>In Denial: The application is not appropriate to the location or the neighborhood as the application turns its back to the street, cuts adjacent properties off, and ignores its special location adjacent to an open irrigation canal by dismissing it as an opportunity to utilize the water as an amenity.</p>
X			<p>Finding 2. The use will be supported by adequate public facilities or services to the surrounding area, or conditions can be established to mitigate adverse impacts;</p> <p>Explanation: In Approval: The ability to serve letter was submitted and stated that the existing public facilities are capable of serving the property and proposed development.</p> <p>In Denial: If in denial, STATE WHY and list which public services or facilities will be unable to accommodate this use.</p>
X	X		<p>Finding 3. The use will not unreasonably diminish either the health, safety, or welfare of the community;</p> <p>Explanation: In Approval: There is no evidence that the proposal is detrimental to the public health, safety, or general welfare of the community.</p> <p>In Denial: The lack of adherence to City Codes and the City's Comprehensive Plan is detrimental to the welfare of the city.</p>
X	X		<p>Finding 4. The use is no in conflict with the comprehensive plan or other adopted plans, policies, or ordinances of the city.</p>

			<p>Explanation: In Approval: The reviewed sections are in conformance with this finding. The comprehensive plan objectives reviewed, and land use designation support this application.</p> <p>In Denial: Refer to 8-5B-5 Finding 1 and Finding 2.</p>

CONCLUSIONS OF LAW

The Garden City Design Review Committee reviewed the application with regard to Garden City Code, Title 8, and based on the conditions required herein, concludes the application **satisfies/does not satisfy** the required findings under GCC 8-5B-5, 8-6B-2, and 8-6B-7.

RECOMMENDATION

WHEREFORE, based upon the foregoing Findings of Fact, Conclusions of Law, and Decision, the Garden City Design Review Committee hereby recommends **APPROVAL/DENIAL** of application SUBFY2022-0007 for a Preliminary Subdivision processed as a Planned Unit Development and subject to the following conditions:

Prior to City Signature on Plat:

1. The final plat shall be in conformance with this approval as reviewed and approved or otherwise conditioned through this approval.
2. Common driveways, open space, and other common areas shall be included in an easement or on a common lot noted as unbuildable.
3. A note must be provided on the final plat documenting:
 - a. The current flood zone in which the property or properties are located;
 - b. FEMA FIRM panel(s), FIRM effective date(s), flood zone(s), base flood elevation(s); and
 - c. A note: "Flood zones are subject to change by FEMA and all land within a floodway or floodplain is regulated by this code."

4. Easements
 - a. As required by the City Engineer or this decision easements shall be provided.
 - b. All easements must be noted on the plat either directly or by instrument number (generally preferred method) or otherwise recorded.
 - c. Easements shall define the grantee and adequate information to depict the location of the easement such as a legal description and illustration.
 - d. Easements shall be unobstructed unless otherwise specified.
 - e. At a minimum, the following easements shall be provided:
 - i. Public utility
 - ii. Water and sewer
 1. If not otherwise designated by the City Engineer the total easement width shall not be less than ten feet (10'), with twelve feet (12') recommended, front and rear, with at least twenty feet (20') required for water and sewer easements for main lines.
 - iii. Drainage
 - iv. Cross-access Easement along the common drive per instrument number 7625360 & 7625361.
 - v. Cross-Access easement for pedestrian pathway.

5. Provide a note on the final plat to read, "Building setback lines shall be in accordance with the approved planned unit development application, Garden City file number SUBFY2022-0007".

- a. The approved reductions from code required setback are:
 - i. Lot 1:
 1. Front Setback: 5'/10' (10' is applicable to the garage)
 2. Side Setback: 0'
 - ii. Lots 4 & 6
 1. Side Yard Setbacks: 0'

6. Common Lots
 - a. All common open spaces shall be located on common lots and noted as unbuildable on the plat;
 - b. Lot 5 shall be considered a common lot;
 - c. The common lot is permitted to reduce in size or eliminated provided that an easement is provided for the common open space. The easement shall be dedicated to the subdivision's HOA for maintenance of all common open space.

7. For Clarification, let it be know that:

- a. Lot 1:
 - i. Front Setback shall be considered the area between the public right-of-way of Adams Street and the Structure.
 - ii. Rear setback shall be considered the area between the structure and lot 9 dedicated to the common drive of the subdivision.

- iii. Interior side setback shall be considered the property line between lot 1 and lot 2.
 - iv. Side setback shall be considered between lot 1 and the eastern property boundary line dedicated to the pedestrian pathway.
 - b. Lots 2-4 & 6-8:
 - i. Front Setback shall be considered the area between the residential lots and the common lot 5 dedicated to the pedestrian pathway.
 - c. Lots 4 & 6:
 - i. Side Yard Setback shall be considered the property line adjacent to common lot 5.
- 8. A building envelope within which future building footprints will be located shall be shown on the lots.
- 9. A binding contract that establishes the party or parties responsible for the repair and maintenance of the common lots including regulations for the funding shall be recorded with a final plat. No building permit shall be issued until the contract has been recorded.
- 10. The CC&Rs must state: "The Association shall not be dissolved without the prior written approval of the City of Garden City, Idaho".
- 11. Submit a sustainability checklist that demonstrate compliance with or an exemption from Garden City Code 8-4G for each anticipated lot and or structure prior to final plat signature.

Prior to approval of construction plans:

- 1. The site plan and subsequent construction shall be in conformance with this approval as reviewed and approved or otherwise conditioned.
- 2. A Floodplain development permit is required.
- 3. Landscaping
 - a. All landscaping shall be found in conformity with Garden City Code 8-4I Landscaping and Tree Protection Provisions.
 - b. The landscaping shall be in conformance with this approval as reviewed and approved or otherwise conditioned.
 - c. A total of 43 caliper inches shall be mitigated for on-site in compliance with GCC 8-4I-7 Tree preservation provisions.
 - i. Any trees removed prior to the certified arborist's report being submitted will be considered to have been healthy, and thus, mitigation will be required.
 - d. A minimum of one class II or class III tree shall be planted in the frontage and every adjacent streetside. An additional tree shall be planted in the corresponding setback for every increment of fifty feet (50') of linear feet of frontage.

- i. The frontage of N. Adams Street shall have a total of 3 class II or III trees.
 - e. Retain and protect existing trees, vegetation, and native soils and integrate these features into the overall landscape plan as required by or exempted from Garden City Code 8-4I and as shown in the approved landscape plans.
 - f. Required landscape areas shall be at least seventy percent (70%) covered with vegetation at maturity, with mulch used under and around the plants. Use of mulch, organic or rock as the only ground cover in required planting areas is prohibited.
 - g. Trees shall be planted at least three feet (3') from curbs, sidewalks, driveways, and other hard surfaces to buffer from stress caused by vehicle overhang and compacted soils or planted with sufficient space to provide for the full maturity of the particular tree species.
 - h. All plant material, except sod or ground cover, shall be set back a minimum of one foot (1') from any curb edge to protect from vehicle overhang and mechanical damage.
 - i. All required landscaping shall be provided with an automatically controlled irrigation system in conformance with the best management practices for automatic irrigation systems.
 - j. The landscaping plan may be amended, and reviewed at a staff level, to ensure compliance with Garden City Code 8-4I Landscaping and Tree Protection Provisions, and 8-4L-4 Common Open Space provided that there is equal or greater landscaping provided and no reduction in tree canopy. All other changes to landscaping must be approved by the Design Review Committee or decision maker.
4. Pressurized irrigation shall be provided in conformance with Garden City Code 8-5A-5H. Each and every lot within the subdivision shall have underground pressurized irrigation water. The pressurized irrigation system shall be constructed and installed at the same time as the domestic water lines but shall not necessarily be in the same trenches.
 5. All light fixtures must be compliant with Garden City Code 8-4A-4 Outdoor Lighting.
 6. All outdoor service and equipment areas shall be screened and comply with Garden City Code 8-4A-5 Outdoor Service and Equipment Areas.
 7. All utilities on site, including telephone, cable television, and electrical systems shall be underground and in compliance with Garden City Code 8-4A-8.
 8. Contrasting hardscape material shall be installed at the drive aisles to better identify the pedestrian crossings along Adams Street.
 9. Vehicular parking
 - a. Guest parking spaces shall be a minimum of 8'X15'

- b. Residential parking spaces shall be a minimum of 10'x20' or otherwise meet the waiver request dimensions.
 - c. The guest parking shall be in conformance with this approval as reviewed and approved or otherwise conditioned.
10. Bicycle Parking
 - a. At least one bicycle parking space shall be provided for on-site.
 - b. Bicycle parking spaces shall be placed in such a way that when mounting and dismounting the bicycles do not reverse into the sidewalk traffic area, nor N. Adams Street.
 - c. All bicycle parking shall be located so as to not prevent the sidewalk traffic from maintaining a continuous momentum.
11. All outdoor living spaces must comply with Garden City Code 8-3C General Provisions- Living Space Requirements.
12. All stormwater systems must comply with Garden City Code 8-4A-7.
13. Cross-Connections: All cross-connections between the domestic water lines and the irrigation water lines shall be in accord with the City's adopted standards, specifications, and ordinances.
14. A sustainability checklist shall be submitted and found in compliance with Garden City Code 8-4G Sustainable Development Provisions.

Prior to approval of building permits for structures:

1. The structural elevations shall be in conformance with this approval as reviewed and approved or otherwise conditioned.
2. The floorplans shall be in conformance with this approval as reviewed and approved or otherwise conditioned.
3. All structures shall adhere to the requirements of GCC 8-4H Flood Hazard should the FEMA flood insurance maps be updated prior to building permit submittal.
4. The subdivision must obtain Ada County Approved addresses for all new lots.
5. All HVAC systems and outdoor service and equipment areas shall be identified in building plans for permit review and screened to be compliant with Garden City Code 8-4A-5 Outdoor Service and Equipment Areas.
6. All units adjacent to streets shall have a primary entrance on the street.
7. Setbacks for all lots shall be from the property lines.

For the Duration of the Use:

1. Bicycle parking spaces shall be placed in such a way that when mounting and dismounting the bicycles do not reverse into the sidewalk traffic area, nor N. Adams Street.
2. All streets and driveways shall adhere to the standards of a clear vision triangle.
3. Landscaping:
 - a. The property owner is responsible for the maintenance of all landscaping and screening devices required.
 - b. Plant materials which exhibit evidence of insect pests, disease, and/or damage shall be appropriately treated to correct the problem.
 - c. Dead plant materials shall be replaced equal or larger species.
 - d. Where landscaping might impact motorist or pedestrian sight distance, shrubs shall be maintained below three feet (3') in height and trees shall be pruned so that the lowest branches will be at least seven feet (7') above the ground level.
 - e. If trees are staked, the stakes shall be removed within twelve (12) months to prevent damage to the tree.
 - f. All planting areas that border driveways, parking lots, and other vehicle use areas shall be protected by curbing, wheel stops, or other approved protective devices.
 - g. The landscape installation shall stabilize all soil and slopes.
4. Property maintenance standards shall be maintained in perpetuity as required by Garden City Code.
5. A three-foot (3') clearance zone shall be maintained around the circumference of fire hydrants.
6. Any future fence or wall will be required to be in compliance with code at the time of development.
7. All common open spaces shall be located on an open space easement with the grantee being the Quad 6 Subdivision HOA or be located within a common lot.
 - a. The common open spaces shall not be altered or eliminated by individual property owners.
 - b. The subdivision shall maintain all open spaces in accordance with Garden City Code 8-1C Property Maintenance Provisions as well as Garden City Code 8-4L Open Space Provisions.
8. Irrigation ditches, laterals, canals, and drains shall be left open and used as a water amenity or linear open space unless it can be reasonably demonstrated in a way that the design review committee can determine through a design review committee level approval that: (Ord. 944-12, 5-14-2012)

- a. The maintenance of the irrigation ditch, lateral, canal, or drain with any associated easement encumbers more than fifty percent (50%) of the property; or
 - b. The irrigation ditch, lateral, canal, or drain is located on the property in such a manner that a use of the property is infeasible; or
 - c. The irrigation ditch, lateral, canal, or drain is enclosed on both ends adjacent to the property, and the adjacent properties are fully developed in a manner that future opening of the enclosed irrigation ditch, lateral, canal, or drain is infeasible.
9. Irrigation ditches, laterals, canals, and drains do not require fencing. If fencing is installed, open fencing only is allowed, and privacy fencing is prohibited. All fencing shall be approved by the irrigation or drainage district.
10. In no circumstances shall structures be built over irrigation ditches, laterals, canals and drains or within their dedicated easements.

General:
