Conclusion			Standard
Compliant	Not Applicable to this Application	Not Compliant	
<b>X</b>		<b>X</b>	<p><b>Finding 1.</b> The subdivision is in conformance with the Comprehensive Plan;</p> <p><b>Explanation:</b>  <b>In Approval:</b> The application is cohesive with the Comprehensive Plan’s Mixed Use Commercial land use designation as it proposes a development more urban in character through two-story townhomes, a density of 16 dwelling units per acre, and a 60 percent lot coverage.</p> <p>The application is in conformance with the Comprehensive Plan’s Goal 1 Nurture the City, Goal 2 Improve the City Image, Goal 4 Emphasize the “Garden” in Garden City, and Goal 7 Connect the City.</p> <p><b>In Denial:</b> The application is not cohesive with the Comprehensive Plan’s neighborhood feel of the Mixed-Use Commercial designation. The proposal does not achieve the necessary uses or design standards to generate an urban character.</p> <p>By not abiding to the Planned Unit Development code requirements for a variety of housing, the application is in conflict with Goal 6 of the Comprehensive Plan. Goal 6 speaks to diversity in housing, objective 6.3 speaks to managing and creating a diverse housing market that which attracts niche markets to which this development does not do.</p>

X		X	<p><b>Finding 2.</b> The subdivision is in conformance with all applicable provisions of this title;</p> <p><b>Explanation:</b>  <b>In approval:</b> As conditioned, and with the approved waivers to code via the Planned Unit Development process, the application is in conformance with the applicable sections of Garden City Code.</p> <p><b>In Denial:</b> The application is not in conformance with the applicable sections of Garden City Code as there was not enough information to review thoroughly. The application was found to not be in conformance with the applicable sections of Code 8-2B-3, 8-4A-9, 8-4B-3, 8-4D, and 8-4I.</p>
X			<p><b>Finding 3.</b> Public services are available or can be made available; and are adequate to accommodate the proposed development;</p> <p><b>Explanation:</b>  <b>In Approval:</b> There are public services available that can accommodate the proposed development.</p>

<b>X</b>		<b>X</b>	<p><b>Finding 6.</b> The development will not be detrimental to the public health, safety, or general welfare;</p> <p><b>Explanation:</b></p> <p><b>In Approval:</b>  This proposal will not unreasonably diminish the health, safety, or welfare of the community. The installation of pedestrian sidewalks along E. 45<sup>th</sup> Street provides for better pedestrian and bicycle connection(s) than what currently exists.</p> <p>The inter-development pathway systems, designated vehicular and bicycle parking spaces contribute to the health and welfare of the community by addressing both pedestrian needs as well as vehicular.</p> <p>Residents will be capable of traversing the development via the system of walkways to utilize the common open space while vehicles are limited to common drives. Potential conflict points between pedestrians and vehicles is kept minimal due to the limited number of crossings and separated pathways.</p> <p><b>In Denial:</b>  The proposal will be detrimental to and unreasonably diminish the health, and safety of the community. The lack of adherence to City Codes and the City's Comprehensive Plan is detrimental to the welfare of the city and its community members.</p> <p>Without the necessary comments from Ada County Highway District it is difficult to determine if the proposed ingress/egress onto E. 45<sup>th</sup> Street is adequate for the type of development proposed.</p>

The requested waivers provide for a more useful pattern of open space and recreation areas.</p> <p>The application provides a choice of living environments through a variety of floorplans within the two-plex and three-plex buildings. The buildings provide architectural variation through a variety of color and material palettes.</p> <p><b>In Denial:</b>  The exception from standard district requirements is not warranted as they there is inadequate demonstration that 8-6B-7 A is achieved. Subsequently, the proposal has not achieved the ability to deviate from code standards. More specifically, the application does not:</p> <p>Provide a maximum choice of living environments, create a more useful pattern of open space and recreational areas, establish a development pattern which utilizes the land more efficiently than what is achieved through conventional development, or provide a land pattern in harmony with transportation and community facilities.</p>

X		X	<p><b>Finding 6.</b> The area surrounding said development can be planned and zoned in coordination and substantial compatibility with the proposed development;</p> <p><b>Explanation:</b>  <b>In Approval:</b>  The proposal is compatible with the surrounding uses and the neighborhood vision.</p> <p>The proposal is a component of the overall neighborhood.
