To Whom It May Concern;

I am a homeowner in Lakeland Village. I oppose the idea of Perch Meadows Development funneling traffic into our neighborhood and increasing traffic on Heceta Head Drive. The traffic turning into Ulmer from State Street is already concerning. The traffic on Heceta Head is also of great concern as it is. Adding this development will increase traffic and on these neighborhood roads where children play, dogs and pedestrians walk, families bike and folks jog. Families swim the the ponds along Heceta Head and increase traffic will certainly diminish the integrity of the peaceful Idaho neighborhood and this increase in traffic will diminish property values.

We have many endangered species, birds and other wildlife that enjoy the waterways along Heceta Head. Increased traffic will certainly increase the already disturbing roadkill on this road.

Thank you for your consideration.
