Hi,

I will not be able to attend today's meeting due to my work schedule though I want to voice my opposition in rerouting the traffic from the Perch Meadows subdivision through another subdivision do to the need of a stoplight. If there is not a safe way to exit the subdivision directly on to State Street than the project needs to be delayed until another safer way is found and/or the needed infrastructure is built.

I am not opposed to building of the subdivision but I am opposed to a plan that is the easiest/cheapest option for the developer and has the highest negative impact to the surrounding neighborhoods.

Sincerely,

Sheryl Tate
