Robert C Unger
Public Works Director
Garden City, Idaho

Dear Bob;

We are requesting a variance on our fence surrounding our Auto Dismantling operation at a common address of 520 East 47th St. Garden City, Idaho. The new existing fence plus our proposed plans for a future new fence to replace our old fence should be 8ft. rather than 6ft. for proper screening of our operation.

The legal discription of the property to be fenced is as follows,

Lots 29, 30, 31, & West 1/3 of 32

Lots 4, 5, 6, 7, 8, 9, all in Blk. 22

Fairview acres subdivision #3

We appreciate your consideration in this matter along with all the assistance you gave us in getting before the city council for our rezone and use permit applications.

Sincerly
