Re: ZONFY2023-0002

This is a request for a rezone from R-3 medium density residential zoning to C-2 General Commercial.

North Ada County Fire & Rescue District has reviewed and does not object to the proposed zoning change.

General Requirement:

Specific building construction requirements of the International Building Code, International Fire Code and NACFR Rules will apply. However, these provisions are best addressed by a licensed Architect at time of building permit application. It should be noted the proposed residential site plan will need modifications with future applications to comply with fire code requirements.

Regards,

Mike Bisagno
